From the Headmaster

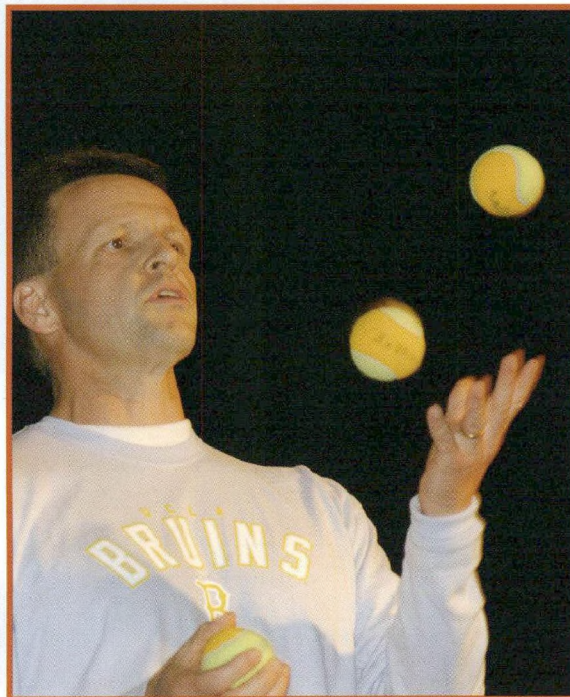

As I sit down to write this I cannot help but ask myself if anyone really reads the Headmaster's message. I know that the point of a yearbook is to admire the pictures and to look back at all the memories we have shared this year. But consider this a fair warning: there will come a point in time when you will have to defend your grad messages, your hairstyles and maybe even your glasses!

I know that as we flip through these pages we will smile at the silly poses and the funny faces we made. I know that we will beam with pride at all of our achievements, and there were many this year, both academic and athletic. I know that we will gain strength from the friendships that we have forged. I know that we will laugh at all the embarrassing moments caught on film, especially those involving the faculty. And finally, I know that we are justified in congratulating ourselves on another great year.

So I hope you look at all these special moments that we have been able to capture and I hope that you share the same fond memories of the 2007-08 year at Stanstead College that I do. I sincerely wish all those graduating the very best of luck in all their future endeavours, secure in the knowledge that their experiences here will help them in whatever path they take. You are always welcome here and I hope that we will see you back on campus soon and often. For those returning to us, I have no doubt that the 2008-09 academic year will create equally memorable moments. Have a safe and happy summer. We look forward to seeing you in September.

Michael Wolfe, Headmaster

From the Editor

To those who took pictures, this yearbook would be empty without you. To anyone and everyone who supported us, thank you. To those that put in the effort the whole year, this is as much my project as it is yours. To my wonderful yearbook staff, Marcela, Ceci, Nick, Emilia, Ashley, Paul-Emile, Monika, Alfonso, Elena, and Jimena, without your help this wouldn't have been impossible. To Mr Williams and Ms Getty for your help along the way, I thank you. To Mr Murray, I can't even begin to explain how much you helped, first with being a great sounding board, then with your great photographs, then with your willingness to get anything done that needed doing, then with your all around support in whatever crazy ideas I came up with. This yearbook is taking a step in a very different direction from the previous couple of years, with the new chronological order and the increase in text, we tried to accommodate all the suggestions that were made to us and I hope we succeeded in keeping the Spectrum vibe despite all the changes.

My greatest hope from all of this is that you keep your yearbook as one of your greatest keepsakes. We did our best to capture the Stanstead spirit and atmosphere in the yearbook, but it is impossible to capture it all in a hundred pages. However, when you look at this yearbook and see pictures of yourself along with all of your classmates, I hope all the feelings and memories will return to you and take you back to your time at Stanstead. I hope we succeeded in making this the best aide-memoire as it could be.

Its been real.
Gabrielle

Departing Faculty

Gavin Foster

Gavin and Rachel Foster joined our faculty this past September after teaching in Ecuador. For the past year, Gavin Foster has been the College's music instructor, teaching students in Grades 7 through 11 and leading the jazz band. He has also taught Grade 10 history and helped coach our swim team and bantam and junior boys rugby teams. Mr. Foster has brought great energy, enthusiasm and commitment to all of his endeavours, and if you need any proof of that, remember that he sacrificed his entire head of hair, including the pony tail, in support of our Relay for Life cancer fundraiser.

Rachel Foster

Rachel Foster has worked for the past year in our Math/Science Department teaching Statistics, Math and Chemistry. She also taught in our ESL program and was the driving force behind our new Learning Resource Centre. To top it off, she helped coach our bantam girls soccer team, enthusiastically supervised our cross-country skiers and worked with the Duke of Edinburgh program. Mrs. Foster is one of those people who unfortunately never seem to get enough credit because she simply does her job with quiet determination and competence, never asking for credit or expecting kudos. But she is also one of those people that no school should be without.

Noel Bellas

After spending the past year and a half working in our University Guidance Department, Mr. Bellas is returning to his career in social work. During his time with us, Mr. Bellas also taught Grade 12 Psychology, Life Skills and Career Education and helped coach our junior boys basketball team. His accurate calls as an umpire in our spring softball league will be missed by everyone involved. We sincerely appreciate the time that Mr. Bellas dedicated to helping our graduates select their universities and programs this year.

Sora Davis

Ms. Davis has been the schools counsellor since the fall of 2006, working primarily one-on-one with a number of our students and consulting with parents and faculty members. Her compassion, insightful analysis and sincerity have been of true benefit to many over the past two years and we will especially miss her leadership and valuable contributions to the student/faculty Respect Committee. This initiative has been a tremendously positive addition to our community and we are grateful for all of her efforts in launching this important program.

Adam Spirk

After three years in our Advancement and Alumni Affairs department and as the assistant and director of Bugbee House, Mr. Spirk is returning to university in Montreal to complete his degree. As a member of our staff, he has passed on his passion for sports to many of our students through his involvement as a coach of our football, girls hockey and senior boys rugby teams. Mr. Spirk describes himself as a die-hard Spartan and that term is absolutely accurate. He carries Stanstead College with him everywhere he goes.

Louise Retchless

Mrs. Retchless has worked at Stanstead College since 2001. In that time she has filled many important roles: humanities teacher, coach of our junior girls soccer team and driving force behind our spring softball league. She has been Director of University Guidance and for the past three years our Director of Academics. Mrs. Retchless has made such a tremendous contribution to the school over many years. She is a caring, hardworking and dedicated professional who is passionate about teaching.

"My exchange to Stanstead College has been absolutely amazing! I was a bit nervous about the whole idea before coming and in the weeks before leaving I even regretted my decision to go on exchange. Looking back, I am so glad that I didn't back out. I have had so many new experiences, learned so much about Quebec and Canada and made many new friends." - Amy Gorven

"First of all, the people here have been great. They have made me feel so welcomed and part of the school that I really regret having to leave them. They are really some of the best people that I have ever known." -Joy Choong

"All in all I thoroughly enjoyed every minute I spent here and would recommend that anyone else interested in experiencing life on the other side of our world should go no matter what doubts they have. It's all worth it in the end." -Gideon Richter

Stanstead College hosted its Second Invitational Junior Debating Tournament on Friday, October 12. Forty-four students from 11 schools from Montreal and the Eastern Townships participated -- Stanstead College, Bishops College School, The Study, Miss Edgars & Miss Cramps School, Lower Canada College, Vincent Massey Collegiate, Trafalgar School for Girls, Selwyn House, Royal West Academy and Centennial Academy. Top debaters for Stanstead were William Bright, 5th, and Javier Quintero, 8th.

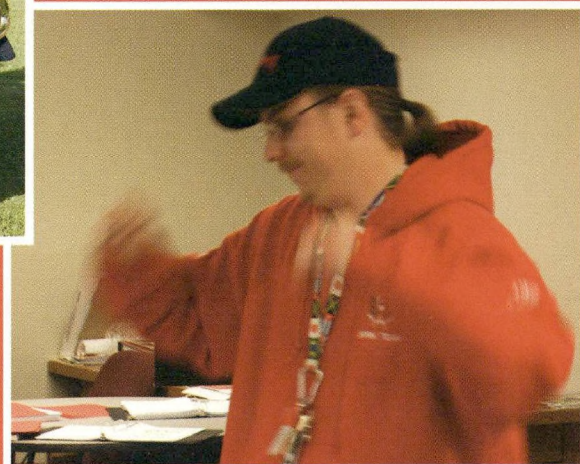

The senior team of Helen White and Ives-Hugo L. Lanoie qualified to attend the National Debate Competition in Calgary in July. Facing some very tough teams, the pair ended up with a respectable 3-3 record and placed third among the Quebec teams in attendance.

Boston

The Boston trip was more of a bonding trip where peers were able to get close to each other, rather than a site-seeing trip. Even though we were not able to gain all of the knowledge we could about Boston because of some minor difficulties, we were able to gain enough knowledge about each other so that the year would end up being a great experience for the whole grade all together. For what we did get a chance to see it was certainly worth remembering.

Victoria

We are 300

"Spartans!! What is your profession? Au au au au!!"

This has been a rallying cry for our school this past year. They were the first words opposing teams heard of our senior girls soccer team as they fought their way to a league championship this year. They were a unifying cheer at one of the most memorable assemblies. And finally, they represent our school in a way more profound than we realize.

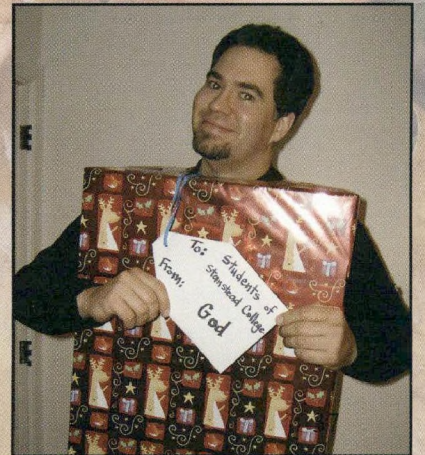

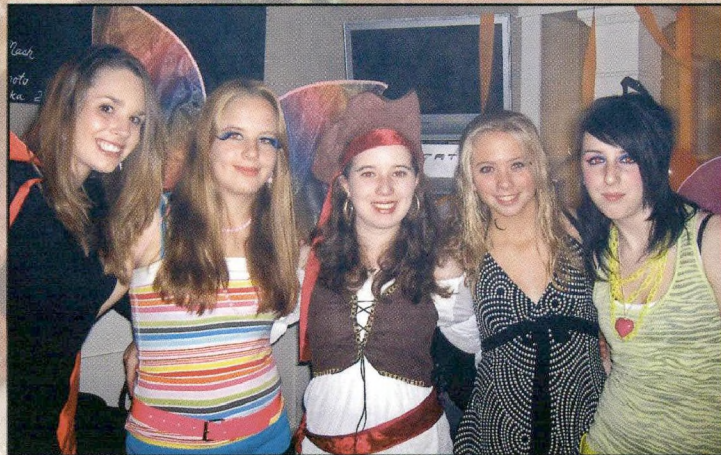

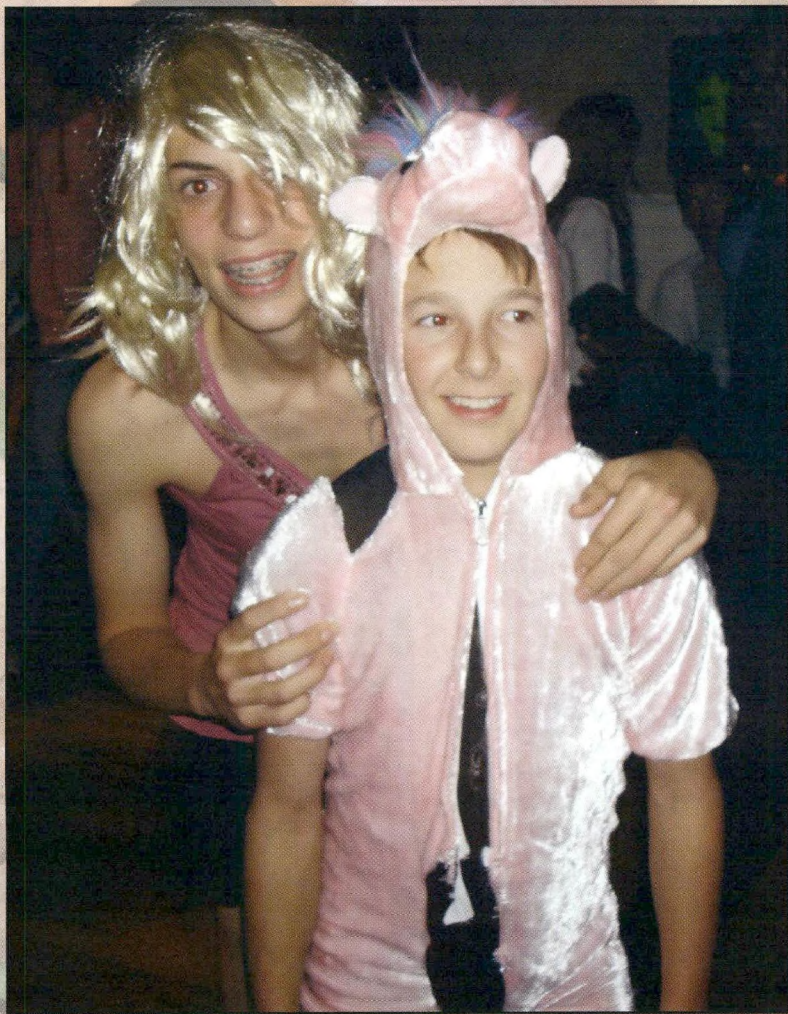

The movie 300 is, as we all should know, the story of the heroism that took place at the Thermopylae pass thousands of years ago. Three-hundred Spartans fought to protect their country from the hundreds of thousands of Persian invaders. Against all odds, these men fought with great success until treachery changed their fortunes. Even when their deaths were inevitable, they stood and fought and fell.

This story of overcoming numbers, funding and odds is the story every Stanstead sports team relives in the modern world. This year, our school of 185 has managed to win 2 league and 2 playoff ETIAC championships, and thats just soccer season. Schools like Galt and Massey-Vanier have over a thousand people from which to field teams. Even BCS has 100 more students. We are lucky even to have enough people to field bantam teams, Galt usually has two.

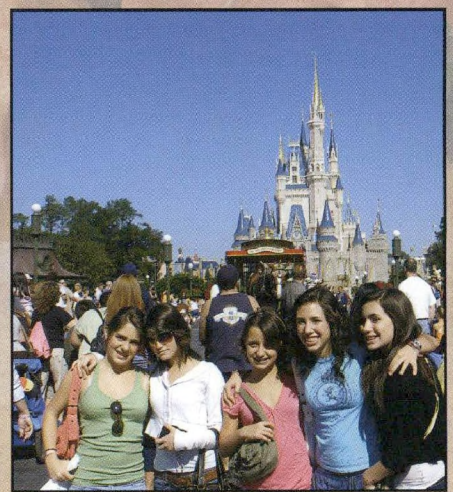

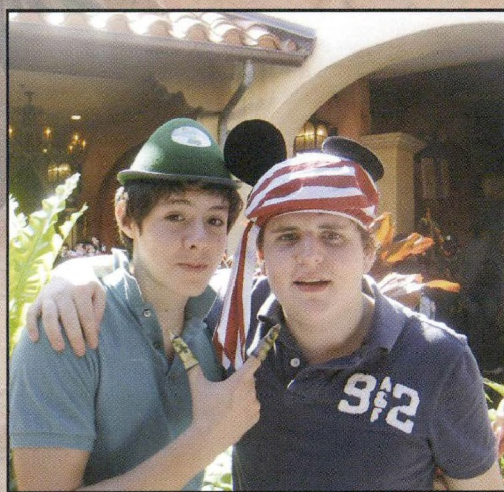

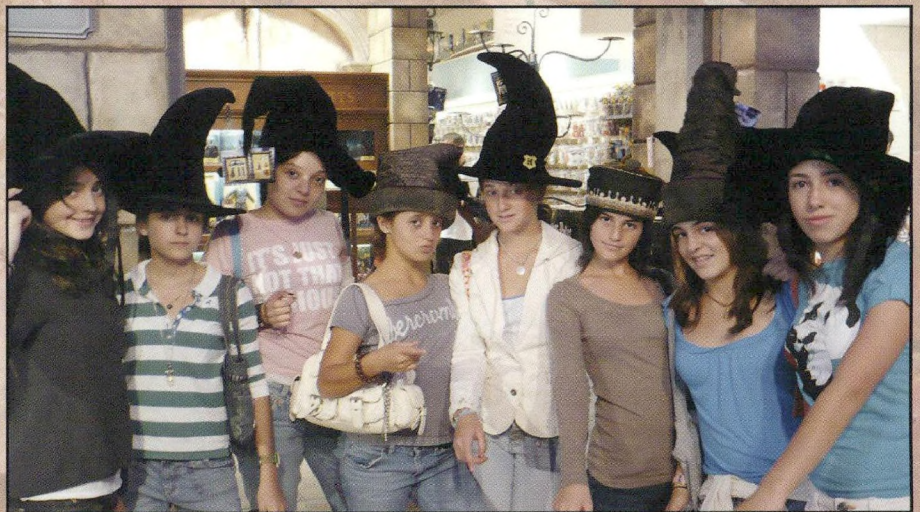

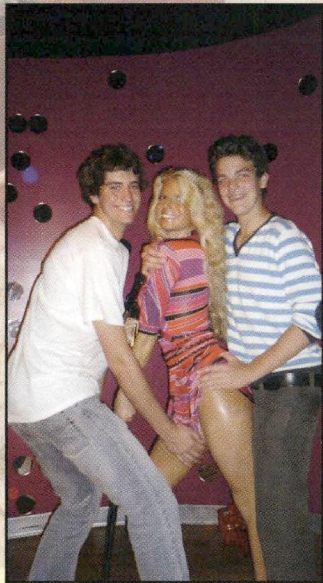

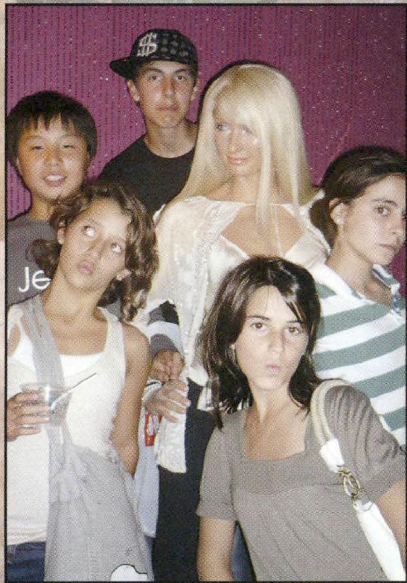

We may not be large in numbers, but we are mighty in heart. This is why I suggest we make 300 our official school movie. No film represents us better, sure we dont wear togas or fight Persians, but when it comes to Pipers and the like, we stand, we fight, and we win.

HOWARD CUP WINNERS

Following the trend of the past few seasons, the 2007 Football Spartans took to the field short on numbers and experience, but long on determination and enthusiasm. For half of the 23-man roster, this would be the first exposure to organized contact football.

The 2007 season featured an eight-game exhibition schedule including for the first time home-and-home fixtures against a new team from New Hampshire, the Mount Washington Wolves, as well as a game against Ridley College.

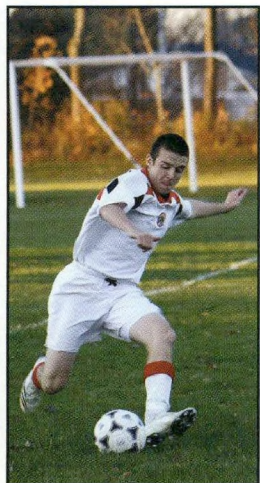

Over the first half of the season, the team showed promise, improving from week to week, and playing some very inspired football. However, following the Thanksgiving Break, the Spartans lost much of their momentum, losing their final four games and completing the season with a disappointing 1-and-7 record.

Without a doubt, the team displayed its very best football in the three home games played at Philip Field, including two hard-fought, physically punishing 2-point losses to Mount Washington and Lac Megantic. The season highlight also occurred on home turf. In front of an enthusiastic Homecoming crowd, the Spartans played their best 60 minutes of football, soundly defeating arch rivals BCS 34-0. The convincing win all but assured Stanstead victory in the two-game total-points season series between the two schools and led to the Spartans recapture of the coveted C.B. Howard Cup following a two-year hiatus.

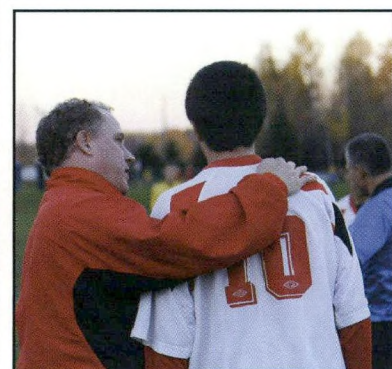

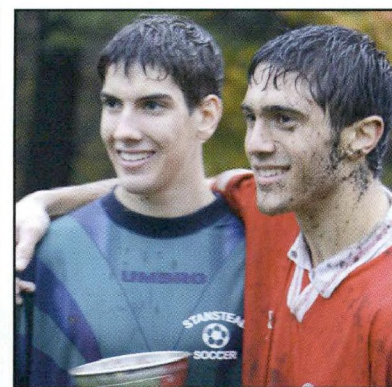

The season finale featured a weekend road trip to St. Catharines in the Niagara region of Ontario. The trip included attendance at a CFL game in Hamilton as well as a visit to Niagara Falls. In spite of a season-ending loss to a talented Ridley College team, the boys played a spirited second half, refusing to give up.

I would like to commend all 23 members of this years team for their sportsmanship, hard work and dedication.

Coach Elliot

Senior boys Soccer

(Back l-r): Logan Vanasse, Andrew Cho, Olivier Charette, Ryan Bedard, Jesse Halikas, Frank Riddle, Cedar Georgevich, Ludwig Ritter, Ismail Benjelloun, Michael Sinnott, Garrett Donnelly, Collin De La Bruere; (front l-r) Nickolas Lapointe, Andrew Smith, Julian Perrotta, Coach Standage, Coach Chandler, Jean-François Lefort, Julien Ronsse, Paul-Émile Baetsan

The 2007 fall season will be one to remember. With a solid collection of returning players and an infusion of talented new boys, the Spartans assembled a season unmatched by any other Red and White contingent in recent memory, and one all team members will recall with pride.

The 18 players selected for the team provided the coaching staff with some headaches, not for any wrong reason but because all of them were capable of playing at a high standard and making a positive impact on the field. The coaches were constantly challenged with the task of seeking out the best 11, not the 11 best players to play on game day. The boys quality provided a competitive and entertaining training environment that allowed them to battle with and make one another better while the coaches sorted out the depth of talent.

The Spartans made pre-season trips to Tilton Academy, where they lost 4-1 to a more prepared opponent, and then to Hebron Academy, whom they outplayed by a wide margin but tied 2-2. These games provided the team with the necessary preparation and momentum to open the ETIAC season. The first half of the season saw four straight Spartan wins, including an emphatic 6-0 Homecoming thrashing of their old rivals BCS.

The CAIS tournament at St. Andrew's College in Aurora, Ontario was a disappointing underachievement. Despite two significant injuries in the first eight minutes to two players who played the same position, the Spartans dropped a couple of games where they really should have been victorious. These setbacks placed the team in the Silver Division where the Spartans eventually finished in

tenth place out of 24 teams. Given the previously high standard set by the boys no one was happy with the weekend results.

With this disappointment behind them the boys regrouped and vowed to make the remainder of the season memorable. With five league games and playoffs to face, the Spartans solidified a strong combination of starting players and a substitution rotation that eventually proved too much for their opposition. Game by game, the quality of their play improved as did their willingness to work hard in support of one another solid indicators of team performance. The Spartans finished the regular season in first place with a perfect 9-0 record for 27 points and the ETIAC banner. Playoff Saturday was a day to remember in itself, with the semi-finals and finals played in torrential downpours. However, in no way would these conditions distract the team from accomplishing what no other Stanstead senior boys soccer team has accomplished, at least in recent memory -- an undefeated season and winning both league banner and playoff trophy. In the semi-finals the boys played very well, dismantling the Massey-Vanier Vikings 4-1 and then defeating the Galt Pipers 2-0 in the final to win the trophy.

I would like to thank all team members for their hard work and dedication throughout the season. A special mention and thank you to Dr. Jeff Standage, assistant coach, whose enthusiasm and commitment made the season most enjoyable for all involved. Remember nothing worth achieving in this world ever comes without some blood, sweat, tears and self-sacrifice. Well done, boys, TOGETHER you shared these accomplishments! - Coach Chandler

Senior girls Soccer

History was made this year in Senior Girls Soccer. Heres how.

First day of tryouts. The situation looks bleak. Only two returning players from 2006, Victoria MacIsaac (soon to be co-captain) and Lindsay Smith. The juniors moving up to senior? Young, eager, hard-working, but not blessed with heaps of soccer talent. New girls to the school? One very skilled transfer from Quebec City, and a few athletic hockey players. All told, barely enough to field a team.

But then things started falling into place. Melissa Gilpin, last year's starting keeper, decided to return to Stanstead one week into the school year. Two talented juniors moved up permanently to senior. Karley Donaldson arrived late to the College, bringing her tricky little feet with her.

A new formation/defensive scheme was introduced, which the players quickly bought into. The three defenders at the back learned to support each other at all times, allowing the midfield and strikers opportunities to apply pressure. We started scoring goals. We started recording shutouts.

Then (and this is the best part) people started improving. Non-soccer players like Kristina Wilson, Taylor Cote, and Krista Blackned became quite competent at their positions. Christine Osei and Lindsay Smith became dominant defenders. And our true soccer players, Andrea Dumas (co-captain), Monika Cormier and Juliet Numfor, made the whole system work with their skill and power.

Despite a 12th-place finish out of 20 teams, we made a strong showing at the national CAIS Tournament, as one very unlucky game denied us a top-eight finish. But when we returned home we found ourselves presented with an opportunity to do something extraordinary. If we could beat (or tie) Galt in the regular seasons final game, Stanstead College would be crowned ETIAC League Champions for the first time since 1984. Twenty-three years. Thats a long time ago, friends.

And on a cool, dry October day, this team GOT IT DONE. With unceasing effort, focus, and intelligence we beat Galt for the only time all season. We did lose to them the other four times we met, but when it mattered most the Spartans prevailed 1-0, scoring the lone goal on a beautiful set play with less than a minute left to play! You know!

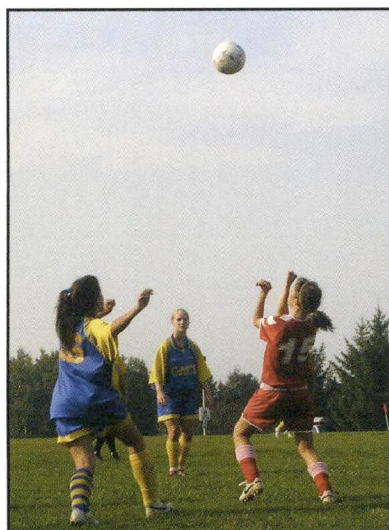

The ETIAC League Banner will now be hung in our very own Amaron Gymnasium, showing one and all what you 19 young women were able to accomplish. Through effort. Through teamwork. When you return to Stanstead College to visit many years from now, it will still be hanging there for you to see. And when you look up at that banner, with those 19 signatures scrawled upon it, all those memories from 2007 will come flooding back!

Congratulations, girls. You made history. And you deserved it.

- Coach Van Dyke

ETIAC PLAYOFF CHAMPS! BCS TOURNY CHAMPS!

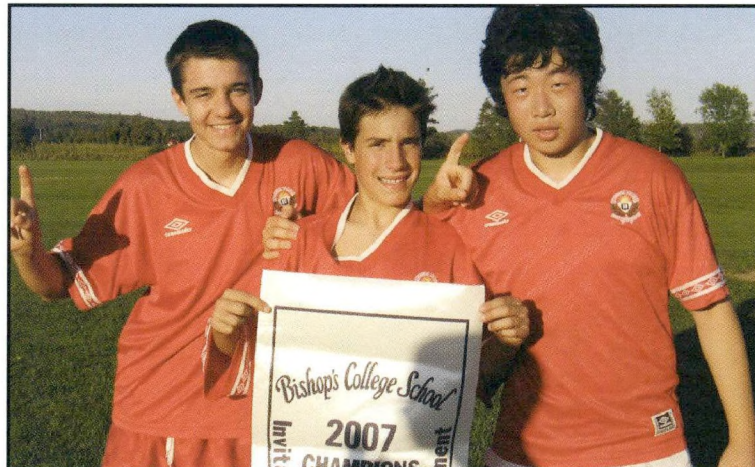

The 2007 Junior Boys Soccer season will be one to remember for a long time. The team finished the season with a record of 12 2 1, while ending up in a three-way tie for first place in the ETIAC. In addition, the boys won the Bishop's College School Tournament by defeating a perennial powerhouse Loyola Academy from Montreal.

The season culminated in an outstanding playoff Saturday, boys downing BCS 3-1 in the semi-final and then edging Alexander Galt 2-1 in the championship. The played their hearts out in the rain and mud in what proved to be the first time Stanstead College has ever won the Junior Boys Playoff championship in league history. The team will no doubt graduate some exceptional talent to senior next season, for leading scorer Massimo Manago Di Buono set a new team record for goals in a season by netting 24. In addition, captains In Won Lee and Nicolas Bauer showed that leadership and determination can lift a team to success. I am so proud of your accomplishments, boys. Congratulations on a spectacular season. Thanks for the memories! - Coach Rioux

The junior girls appreciated the experience and leadership provided by the four returning players: Alexia, Helen, Cynthia and Charlene. Blanche, Audrey-Ann and Sara moved up from the bantam team. These seven shared their skills and expertise with seven new players. There was great hope that this would be a team with the potential to win the league banner when we tied our first game against Richmond in mid-September.

We had all the ingredients: two captains who were passionate about the game, a solid mid-field and forward line up. An added bonus was that we had two eager goalies, Sara and Marcela. Unfortunately, we did not have eager defenders. Although Ximena gave 100% on the defensive line, the other defenders openly expressed their lack of interest in playing their assigned positions. In competitive sport, it isn't about what you like to play, but where your skills can best help the team. It required a few meetings to move forward with a stronger defensive line that we hoped would be magic on the field. Although the defenders began to take their roles more seriously, it proved difficult to sustain the energy needed.

Physical fitness is the key to keeping up with skillful teams. Unfortunately, we were not at our best after Thanksgiving. We traveled to Richmond to play what looked like slow-motion soccer. We were banking on that game victory as a cushion for a spot in the playoffs, but this was not to be. It was at this time that Charlene moved up permanently to senior.

The final game of the season Alexia and Sara stepped in as captains when Helen was asked to play for the seniors. It was a gorgeous fall day! We saw the sun set and the moon rise and I was wishing this was a sign of a miracle, but it was not to be. At the end of the second half the whistle blew and the girls expunged their end-of-season woes by rolling around in the closest mud puddle. Shaking hands with the opponents was a little messy but everyone appreciated that the girls were having fun. - Coach Retchless

It could be said that the Bantam Boys had a challenging season. Fortunately, the team rose to the challenges and grew as a result.

As often, at the beginning of the season, there was a lot of turbulence as to who was eligible to play, who wanted to play, who was allowed to play. When we were certain about a core of players, we then had to establish the basis of a team from a range of skills and fitness levels. Coach Prevost and I worked together, with input from many players, to optimize the potential of all the team in order to field a competitive side. We played every match with a full complement of players but not always substitutes.

In the time available for practice, most team members took the training and drills seriously. Motivation and focus were also among the challenges that the team faced. However, significant improvement was made, over the season, in both skills and self-discipline. In competition, Galt. All the away games were fun and the team kept its spirit up.

Of greatest importance was the improvement that was made over the short season. Within two or three games, individual players understood and did their jobs on the field. This really paid off in our best game. Massey Vanier, overconfident because they were undefeated and had only had one goal scored against them, were almost defeated by a cohesive Stanstead side. Sadly our opponents scored the tying goal in the last minute of the game. Had we managed the same with Galt in the final league game, we would have got to the playoffs.

However, a good season was enjoyed by all and we are looking forward to having some talented players remaining in the Bantam team next year. - Coach Telling

Bantam girls

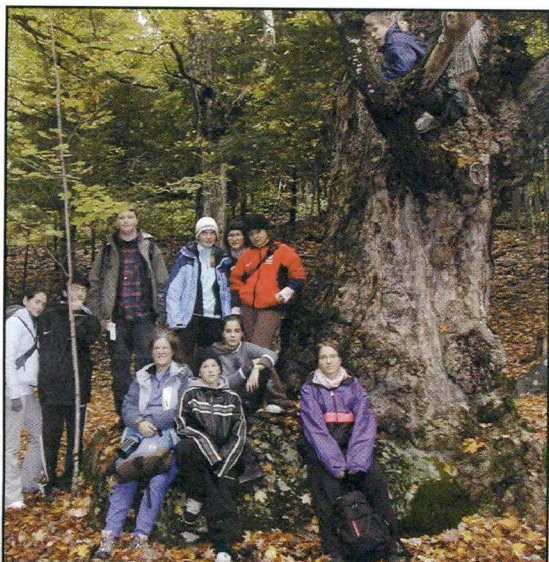

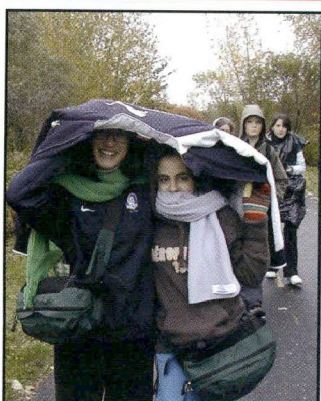

The 2007-08 edition of the Bantam Girls Soccer team proved to the ETIAC, that the size of the school, the number of players trying out for a sport, and the number of players with experience makes absolutely no difference in how well a team will fare in competition. The most important characteristics in building a team are determination, hard work, and a desire to succeed. This team, from tiny little SC, had 10 players try out for the team, six of whom had experience. We borrowed three more from Outdoor Pursuits, and from there began to show the rest of the league what we were made of.

Over the season, we had some wins, some losses and some ties (5-6-3). And then on that final day in October, we lost the championship game in double OT. On that day, the girls played injured, they played wet and they played their hearts out. They should be congratulated for all their accomplishments, not only in this game but throughout the entire season. We scored 23 goals by nine different players - a sure sign of teamwork! We had four shutouts - a sure sign of a solid defense and the best goalie in the league! We had ridiculous meters, we had laughter, we had fun, we had determination and, now we have our memories!

Congratulations on a fantastic season and on being a team! You're the greatest! - Coach Smith & Coach Foster

For many of you who joined Outdoor Pursuits, it was a term of challenging yourselves and firsts. You did not let the doubt of your abilities, your fears or weather interfere with having fun, trying new things and enjoying the outdoors. We hope you enjoyed and have fond memories of canoeing, hiking, cycling, conquering the high ropes course and camping this fall in the Eastern Townships.

Outdoor Pursuits XC Running

Although the cross-country team was smaller in number than in past years the level of commitment and desire to improve was never greater. This year's group of runners was for the most part a group who wanted to compete and not simply participate.

Practice mileage per week moved from an initial distance of 25 kilometres to the last week of the season where runners were completing 40 kilometres. This was in addition to both hill and track workouts that were run on a weekly basis.

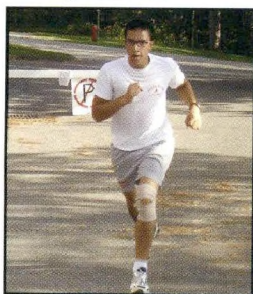

The season began with our first competition at North Country Union High School in Newport, Vermont. This was a cross-country relay race against six American schools, and the team of Charles Berke and Alex Brown finished a respectable seventh place and Andrew Decelles and Ghyslain Ouellet placed eighth. The next week saw us competing at BCS in the first ETIAC meet of the season. Charles Berke and Alfonso Alfaro finished fourth and fifth place respectively in the Senior Boys category and Andrew Decelles, racing in Junior Boys, finished third. After a one-week lay-off the team traveled to Massey-Vanier where the Senior Boys showed improvement, with Charles Berke placing third, Alfonso finishing fourth and Andrew Decelles again placing third in Junior Boys. The meet at Stanstead was a breakthrough for Charles Berke as he was successful in eventually beating his nemesis of the last two ETIAC races and take home second place in Senior Boys. The season finale and ETIAC championship was run on a wet and windy day under very muddy conditions. Nonetheless, our runners were ready and in a very exciting finish in the Senior Boys race where Captain Charles Berke missed first place by half a second in a sprint to the finish. Andrew Decelles placed fourth in the Junior Boys category.

For his fine performances, strong work ethic and leadership by example, Charles Berke was awarded a Major S as well as the W. Greenshields Memorial Trophy. Andrew Decelles received a Junior S for his placings in two races in the Junior level.

What an unforgettable, history-making team!

When the season started, I had high expectations. We had experience in key positions, and everywhere else we had eager, coachable players from last years junior team. I felt we would be a difficult team to beat, with a strong inside-outside game.

Little did I realize what the upcoming year had in store! After an unremarkable 3-2 start, we turned a corner in late November and began beating every team in sight. We recorded victories over MVR, Galt and BCS in league play. We went undefeated at the Montreal Independent Schools Tournament to take home the title for only the second time in Stansteads history. Then we repeated that feat a week later at the BCS Invitational, again earning the championship for only the second time ever.

At this point the Spartans were rolling, with an impressive 13-2 record, but the best was yet to come. We clinched the ETIAC regular season banner in our next league game, making it four league championships in the past eight years. We followed that up with perhaps the most memorable weekend of my coaching career: the Bailly Small Schools Tournament. In what amounted to a semi-final vs BCS, in their home gym no less, we magically hit a buzzer-beater three-pointer to send the game into overtime, where we ultimately won in double overtime! Just like a cliché Disney movie! And then, to add even more drama, we fell behind 25-11 to Quebec High the next day in the finals before staging a remarkable comeback, eventually winning by 7 and hoisting the tournament plaque for only the third time in the 35-year history of the Bailly!

Wow! But we had little time to savour this miraculous weekend, as four days later we travelled to the South Shore to represent ETIAC in the McLeod Provincials as the #2-seed. When all was said and done we ended up matching our best ever McLeod result when we earned the finalist banner, losing our only game to powerhouse Centennial Regional in the finals.

There was one last brass ring to grab: the ETIAC Playoff Championship. And somehow, in one last exciting, exhausting, back-and-forth dogfight with Galt, we prevailed 58-46 to bring the playoff trophy back to Stanstead College for only the third time.

Plainly stated, 2007-08 represents the most successful year ever for Spartan basketball, outdoing even the Megan Lill-led 2002 season, which I never thought I would see happen... This special group of players, under the leadership of captains Andrea Dumas and Necola Guerrina, won an astonishing 25 games out of 29, many of them dramatically in the do-or-die fourth quarter, when things are really on the line, when true champions emerge.

A final note to the players. Seasons like this don't come around too often, when your effort is always rewarded with results, when the basketball gods smile upon you, when somebody steps up every time to make the big play, when bounces and calls go your way, when that desperate last-minute foul-every-time-and-hope-for-a-miracle strategy actually gets you that miracle. This season was the ideal marriage of hard work, talent, preparation and opportunism. Were we some stacked, unbeatable team? Not a chance. But we took advantage of every single opportunity that came our way, thanks to each and every players work ethic, perseverance and commitment to the team.

Be proud of all you've accomplished, girls, and never forget this dream season. It was truly a pleasure coaching you.

This year's senior Spartan squad looked to build on last year's playoff championship. We were determined to take both the league and the playoff title in '08. Before Christmas, we were 2-2 in league play, but won our next four to achieve a 6-2 record and take the ETIAC League Championship for the first time since 1990. In some tournament play, we were not at our best, but at the Anderson tourney we blew out everyone except QHS, losing to them in both the round-robin and the final.

One of the highlights of the season was the subsequent challenge game to go to the Visser. It was one game against CVR, played the day before the Visser started, in our gym, with the winner going to the Visser and the loser staying home. The gym was rocking like I have not seen it since the late 80s, with vocal fans filling every free space around the gym and in the balcony, and in an excellent back-and-forth game, the Spartans came out on top by the score of 75-67. At the Visser, our pool included Galt, who we beat easily, and CRHS (eventual finalists) who we lost to. In the semi, we lost to the eventual champs HRHS 55-47, the closest anyone played them that weekend. Our consolation game was against our season nemesis QHS, and they once again came out on

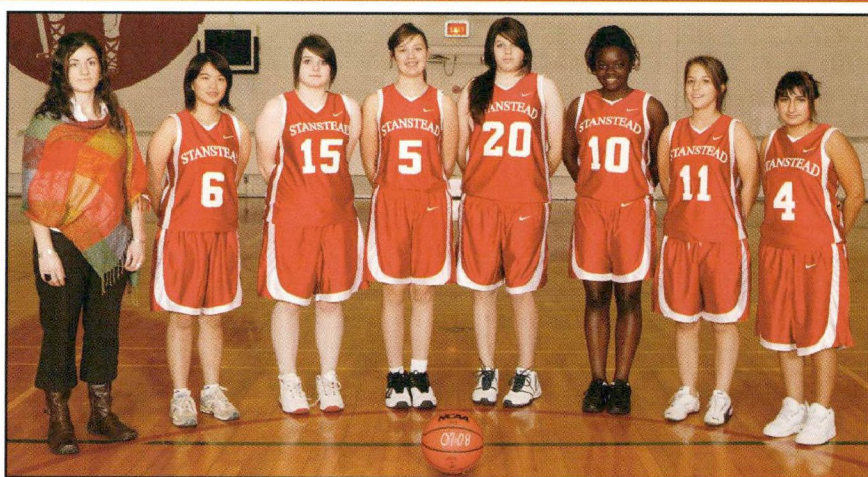

top, with both teams playing their entire bench in a meaningless game. Due to weird scheduling, the ETIAC playoffs followed the provincials, and here we (as #1) were matched up against #4 MVR. The Cho brothers had to be away at family commitment. They arrived midway through the first half with the rest of the Spartans holding the game within 10 or so and by half-time with them in the line-up we were within one point and things seemed in hand. The wheels fell off in the third quarter, however, with us falling behind 52-30! We called two timeouts, reset our strategy, and went nuts on them coming back to create a 61-61 tie with a minute and a half to go. Once again, we thought things were in hand. But a series of misses and questionable calls meant a loss 63-61, and the loss of the chance to play in the final for the repeat win of the playoff banner (BCS beat MVR in the final). It was a disappointment for this talented and committed group. We fought through injuries, absences, and everybody gunning for us as the favourite team in the league. For the most part, we played some exciting and up-tempo basketball this year. The players should look back upon this season with pride and a sense of achievement! I know I will.

- Coach Simard

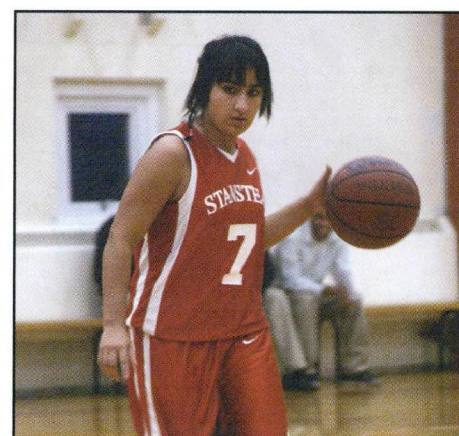

This season was full of challenges that the girls worked very hard to overcome. The season began with a shortage of players, little experience on the court, and a demoralizing first-game loss. Nevertheless, the girls persevered, working hard in practice and refusing to give up in games. The highlight of the season was the team's incredible performance at the Montreal tournament. With only five players, the girls won the respect and cheers of other coaches, teams and spectators for their hard work and excellent play. I want to thank all the players for their determination, strong characters, and hard work. Finally, congratulations to Juliet Numfor and Casey Fortin, our team captains and Junior S winners.

Junior boys

The junior boys basketball team made positive strides this past season. The boys got off to a 2-0 start and things started to look very promising. Sometimes adversity can teach many lessons and before we knew it, we had lost four straight games. At this point the boys had been challenged and the choices were clearly evident, either to pack it in or dig a little deeper and fully commit to growing together as a team. The boys chose the latter option and reeled off two convincing wins leading into the semi-final playoff game against Galt. In the regular season, Galt was the only team we were not able to beat and we ended up going into the game with a depleted line-up, with only two players available on the bench. We pushed Galt right to the very end before falling by 7 points. Mr. Thompson and I learned a lot about our team that night and while it is more enjoyable to win these do-or-die games, the heart and determination the boys showed on the gym floor at BCS cannot be questioned. Ultimately, the greatest life lesson the boys should take from this is how far they can go by believing in the concept of team.

I think that most of the highlights of the season can be summed up in a few short memories.

1. Andy learning how to shoot a free throw.
2. Anthony constantly guarding someone twice his size. I don't know how it happened but somehow the tall guys would just flock to Anthony.
3. Campbell constantly asking, "When can I go in? Am I going in now?"
4. Frank throwing up these insane shots that you would think would never go in but somehow manage to just float into the basket.
5. Liam always nodding his head whenever I asked him to do something. It was always, "Umhum, I can do that, yes miss, ok."
6. Chris being the politest player in saying, "Miss, with all due respect, do you think we could try this?"
7. Fred brought a new level of enthusiasm, and I never thought it possible but did you know that Fred can run across walls?
8. James, who was always willing to play and step up to the challenge when asked.
9. Sean, who for his dear life, in our last game held onto the ball until the buzzer so that it wouldn't go out of bounds, all the while tipping over himself.

For such a successful season in so many ways, I would like to thank the team for their efforts. I am so proud of all that you have accomplished and I look forward to next season.

Is there a better way for a team to come together than by spending mass amounts of time in close quarters? I can't think of one. With only seven people on our team this year, we did just that. If a measure of success is achieving your individual and collective potential, then we did that too. With talent and enthusiasm and often no subs for an entire game, each one of the girls on this team not only pushed herself beyond what she could already do but each of them had a significant role in our team's success!

What will I remember? I'll remember laughing like crazy, hanging out in the dance studio in Montreal, crazy Montreal drivers, chatting at McDonald's about ridiculous scenarios that will never happen and confusing even ourselves, exciting games, last-minute shots, relentless defence, funny cheers and the look on each of your faces when you mastered something new for the first time, especially you, Sandra. Speaking of Sandra, thanks for being on the bench with me. You certainly gave your teammates a much-needed break when they were down.

Girls, I will miss you and I am sad that I won't get to coach you as a group again but you are all on your way to becoming better basketball players and even better teammates. I am proud of that.

Mr. Williams and Mrs. Carruthers wish to thank the players for all their efforts and the amazing improvement they showed as they came together as a team and played competitively.

We went on a fabulous trip to Montreal at the Atwater Club this year and played very well. It was a highlight of the season. Skiing

The cross-country ski season was fabulous this year. We were blessed with perfect skiing conditions from late in November until March. We had several outings to Dufferin Heights (on the golf course) where we had fun blazing our own trails amidst mountains of snow. It was wild! We also skied in the tamer conditions of Orford where we experienced the pleasure of skiing on perfectly groomed trails. After the students from Intramurals joined us, our team grew to a group of 12. Everyone caught on very quickly and were in full control after only a few practices. We would like to congratulate the students for braving our very snowy winter.

Thanks for a great swim season! - Coach Harding

I will always remember this season mostly for one game that was played against BCS on a Friday in late January. It was a cold day with freezing rain and there was some question as to whether we would even travel because of the weather. We had a bare bones line-up of four forwards and three defence with which we set off into the storm accompanied by a real sense of adventure. We arrived safely at BCS and when I spoke to the coach he offered to lend us a player or two, which I of course refused. It was quite a sight to see a full squad of purple Crusaders on the one hand and a Spartan, literally, group on the other. Spartan of course means simple and without excess, essentially getting by on very little; it also means courageous in the face of adversity, which we truly were that day. However, unlike the Spartan army that did battle at Thermopylae, we were victorious. It was a very satisfying victory and one which I will remember for a long time. Every player had to work exceptionally hard that day and everyone was relied on to do their part. Thank you to those players who were lucky enough to be part of this special event. Thanks as well to my exceptionally talented co-coach, Mr. Chandler, whose enthusiasm is infectious. Finally congratulations on a fine season to captain Collin De La Bruere as well as S winners Caden Saddleback and Andrew Norris.

This years girls hockey team was a mix of old and young. We had a lot of personality and so it was evident there would be some craziness. It is the most talented team since the re-birth of girls hockey at Stanstead College. The schedule was by far the most demanding and challenging. We started off with our annual trip to Connecticut where we learned a lot about each other as well as Mexican boys at Burger King. I learned to never bet with girls. The next trip was the away game at Northfield Mount Hermon where we came so close to winning our first-ever prep school game only to lose in overtime. It was a heartbreaker but we saw what it would take to compete at that level. Next came Maine...What a rollercoaster! We won our first-ever prep school game by defeating Tilton 3-2 with a goal 32 seconds from the end. We then travelled to Hebron and Kents Hill where we learned that

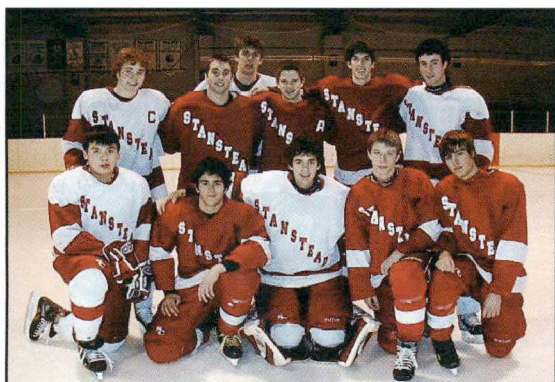

prep school hockey is for real. We had a crazy trip to Windsor, Nova Scotia which can only be described as exhausting. We won our own one-day Tournament which really lifted our spirits. We then travelled to Boston for our final road trip together. We definitely saved the best for last going 3-1 on the trip. We got to meet Sarah Vaillancourt from Team Canada as well as fine dine at the Country Style Buffet.

It was a season filled with ups and downs. We had many highs and some lows. I hope the girls will look at this as a good start to something great. Everyone will be back and a year older. It was a pleasure coaching this fine group of ladies and I'll always remember your dedication to your on and off-ice training. It was a pleasure working with you, be proud of the progress we made together.

ETIAC LEAGUE & PLAYOFF CHAMPS

We started the season with a few wins against Northwood School. There's nothing better than a road trip and we are the true road warriors. During our November break we had a chance to really bond as a team with some movies, hotel stays, a few games, and university visits. Then two days later we were in my home town of Exeter, where we unfortunately lost, suffered a broken leg, and were thinking, What a way to start the season.

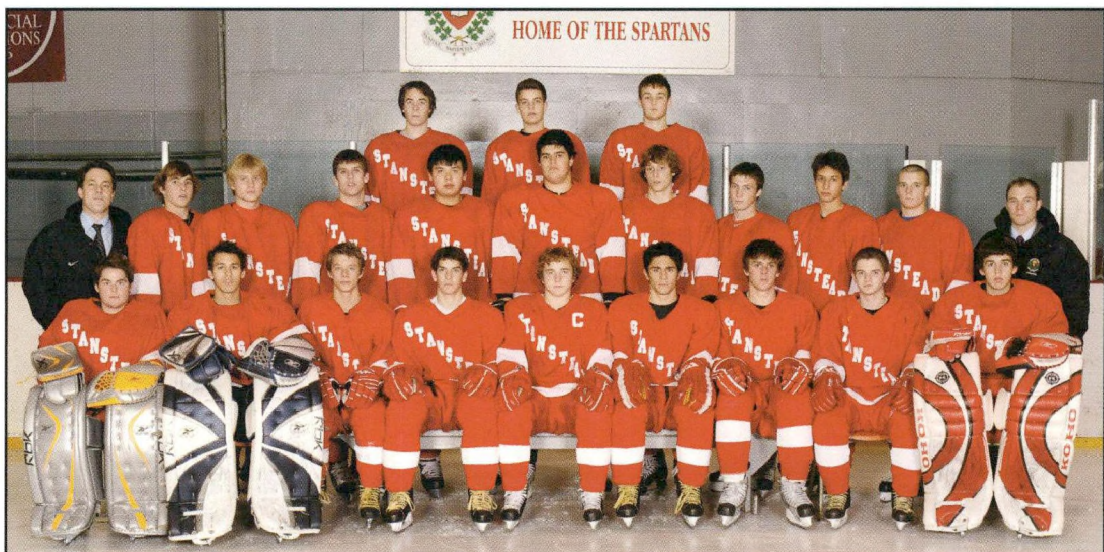

But things got better. Some highlights:

- Making it to the Shady Side Classic final.
- Travelling to Holderness to play them for the first time. On the outdoor rink with a cool breeze, we beat them 3-2.
- Tying Hebron Academy to with a short bench.
- Playing in a first-class facility at the HSBC Arena for the St. Francis Tournament.
- Stanstead College home invitational, where we played three games in one day and came from behind to beat Kents Hill in the finals.
- Success against prep schools: Bridgton Academy, Vermont Academy, New Hampton School, North Yarmouth Academy and Kents Hill.
- Losing to Galt, proving that sports are unpredictable.
- Vermont Academy and one of our best games of the year. We were moving the puck, making saves, scoring goals, and really enjoying the moment. With a cross bar down goal.
- Greenfield Park for the provincial tournament. Centennial off to a good start. Galt team waiting for us our egos kept in check. LCC and the championship
- Galt again in our league championship.
- Quebec City: Academie St. Louis and one against CEGEP Sainte-Foy. Enjoyable guys, parents, and coaches.
- We finished our season by beating up on National Sports Academy.
- Red/white scrimmage. All our parents were there and we honored our seniors.

With a 38-10-6-1 record we had a great season. We always had someone who would step up to the plate to get the job done in each game. We could not have had the success this season without everyone on this team. We played hard, played smart, and played together as a team. You all should be so proud

Staff vs. Prefects

Just to set the record straight, the prefects let the teachers win softball because we didn't want them to feel so bad about losing to us the previous three times.

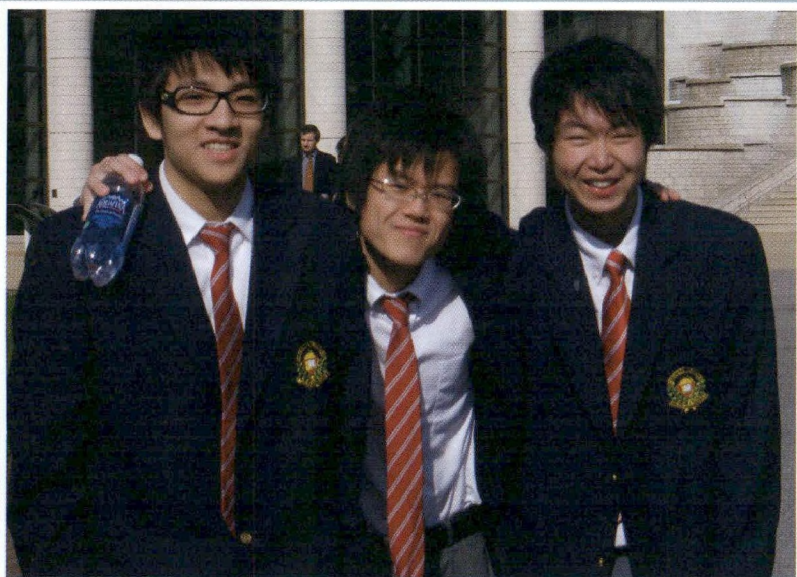

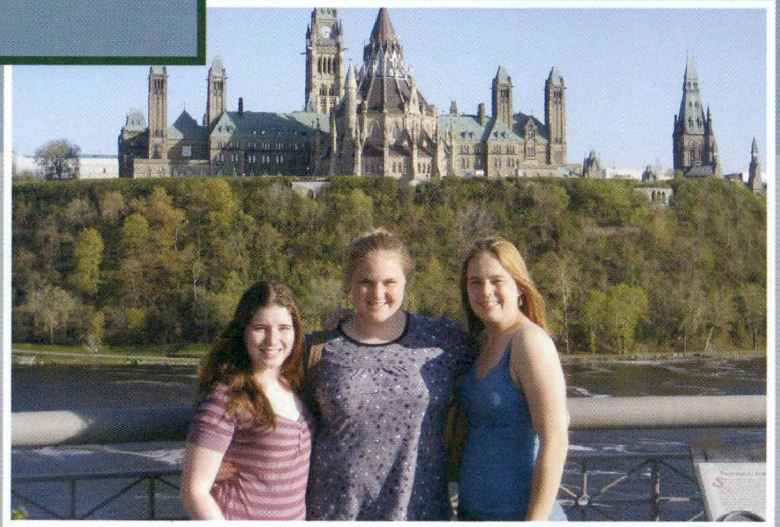

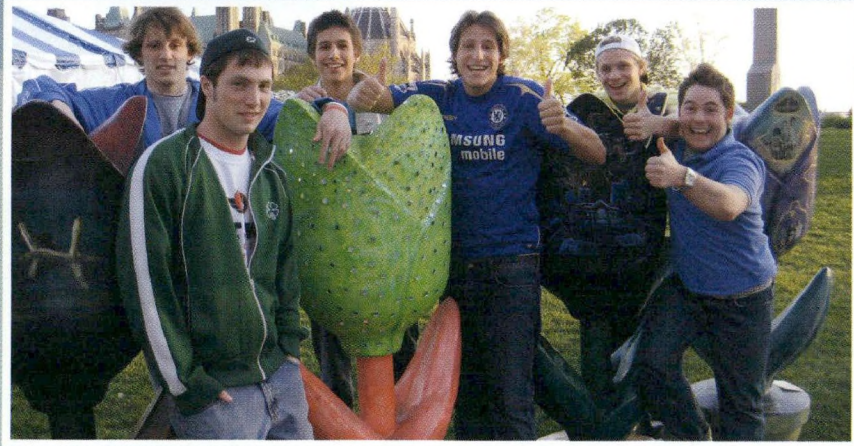

Once again, a number of the boys - and Rita! - shaved their heads to raise money for cancer research. Mr. Foster promised that if we raised \$2500, he would cut off his ponytail. In the end, he shaved it all! The money raised allowed the school to enter a team in Magog's Relay for Life. The school team walked on behalf of Audrey-Ann (at left).

"Fight for every step to get to the impossible."
tenacious-cooperation-perseveranceunity-family

Friday, April 18 we all crammed into a room as individuals and set a goal to play our final game together on May 27, our best one of the year, as a family. On May 12 you had started to come together but had already lost your first two games of the season. After that game was over, heads down we looked you in the eyes and told you if you wanted to reach your goals, you could not lose another single game. We didn't realize that this would actually be true. We were just trying to scare you. Every step from that point on was in fact fighting the impossible. We were amazed by the way you turned yourselves into this amazing family, fighting for each other every single game, giving each other something to play for.

You inspired us, you flattered us, you demanded of each other and of us exactly what you were willing to give and in the end you left us teary (Mrs. May) and speechless (hard to do for me). As a family we met our goals, every single one of them, and we peaked at precisely the right moment, played our best game on May 27 and walked off the field Playoff Champions, exactly where we wanted to be.

Hopefully you gained a few lessons from this season that will help you off the field as well and you can take them with you. Pay attention; if you want something you have to do something to make it happen, and never ever let your head go down. Look every challenge in the face and tackle it with tenacity.

We will miss this season and we will miss this team but we are so proud of you, we thank you, and we wish you every success the world has in store for you.

The 2008 senior boys rugby team was filled with talent and leadership. From the opening practice, the boys were focused and ready to get the season under way. It started with a trip to the CAIS rugby tournament where we finished seventh out of 12 teams. We really came together and this was the start of something special. The remainder of the season was filled with dedication to excellence and a total commitment to the team. In two months the Spartans brought home the GMAA Sevens Championship, the ETIAC Sevens Championship, the ETIAC League banner and the ETIAC Playoff Trophy. We finished the season with a 16-0 run and outscored the opponent 368-105. It wasn't the domination that was impressive but the dedication to a consistent effort and making everyone apart of the win. This is probably one of the most talented rugby teams to take the field at Stanstead and they are very deserving of being remembered as such. The coaches will always remember the dedication and commitment this fine young men brought to the field every day to make this season such a success.

To the junior girls rugby team:

We are very proud of how well you worked together and supported each other both on and off the field it defined you all as a true team. In rugby, that is one of the most important things to learn without support, you cannot ruck, pass, scrum, defend, tackle, maul, run nor score easily. Remember the snow, woods, 7s and 15s tournaments, mud, scrimmages, bus rides, counting in different languages, the cheers and most importantly, the friendships. Thank you to our team captains Blanche, Ximena and Dawn for always being enthusiastic and encouraging. We hope that you all had lots of fun this year! We will miss those of you moving on to different fields next year and look forward to playing again with those of you returning.

Who are we? The small and MIGHTY SPARTANS! Ah-oo-Ah-oo-Ah-oo!

The Junior-Bantam Boys Rugby squad had a pretty successful season. Our aims at the beginning of the season were to mould everyone into a cohesive rugby team, have fun and put together a winning season all of which were achieved, putting together a record of 11-4 overall and winning the Sevens tournament at Richmond.

There were tough times along the way, including three bad injuries in the first five minutes against a large CVR team, a broken arm, and even a referee broke a leg. However, there were some great team performances, including a 44-0 win against BCS and a tense 14-12 away win over MVR. The team went undefeated against local ETIAC teams.

Congratulations to all the squad member for their courage and commitment, in particular to award winners Ngwa Numfor, Jimmy Paquet, Jae Hyun Yoon and Max Daniel. We are now all looking forward to more of the same next season.

Mr. Williams and Madame Chartrand would like to thank the players this year for a wonderful season of tennis with a great group of over 30 students. This year we had a wide range of skills and abilities, from beginning players to experienced ones as they shared four courts, as well as our new tennis wall! We competed in Montreal at the Selwyn House tournament as well as playing against Galt, BCS and Massey Vanier schools. We placed second in ETIAC and played hard to the end. Special congratulations go to Kei Yuda and Mihwa Kim for winning the Tennis Shield. Also, congratulations to Kei for winning the Major S and to Alex Gagnon-Skoropad, Paul-Emile Baetsen and to Mihwa Kim for winning the Senior S. Finally, as the last lines of Mr. Williams' tennis poem says, "You each had heart and that's what counts, As you gave all you had to the very last ounce."

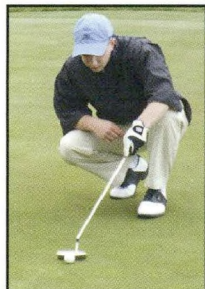

Tennis

Golf

There initially looked like there would be no golf season this year as there was an incredible amount of snow still on the ground come April 14, our projected start date. Luckily, Mother Nature was kind to us, warmed things up, and a local course opened up on April 18. With snow still in the woods, we played our first round. The season improved steadily from that point on as the snow melted, we visited another local course for our first round of 18 holes, and then it snowed again. We were supposed to be on the full range at Dufferin on April 22, but two inches of snow put an end to that would it ever go away?

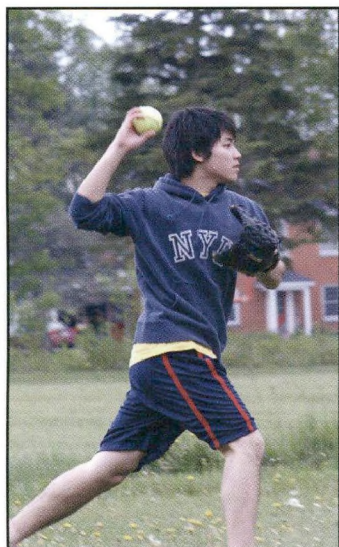

Luck was on our side again, and on the 25th we were able to have our first round at our home course. From there, the team competed in five tournaments plus the ETIAC final. There was a ton of talent on the team this year, but school trips and other commitments kept some of the players from being able to compete at all times. Unfortunately, we did not fare as well as was expected, and finished second or third in each of the five tournaments. Each of the tournaments was won by a different golfer, with Logan, Andrew, and Frank winning the last three. There were some very close scores, and what was nice to see, was the level of competition and the calibre of play. It is not easy to compete in a team sport that is also an individual sport. Usually, you are competing against yourself more than anything. Congratulations to all the boys, each of whom improved at least one aspect of his game. Remember, boys, that this is something that you can enjoy for life; so have fun practicing and swing easy!

Softball

Despite our diminished ranks (less than half the usual number) we were able to field four competitive teams. This was due to the good will and energy of our players and the leadership of our team captains: Helen and Laura, Hirohito and Yoshi, Krista and Christina, Jaymie and Terry. We were a mixed group, some elite, talented players, some good, experienced players, some brand new to the game like our exchange student from India, Ankita. We saw the usual strong performance and good hitting, including home runs, from Laura, Helen and Melissa. We saw great improvement in players like Jaymie and Paula, who couldn't find the ball last year and are now hitting and scoring. William and Mitchell were both energetic hitters and also played well in the field, as did James and Yann. Sheryll deserves credit for some strong pitching at the end of the season. Kudos to our youngest team member, Frederick, determined and talented.

A highly talented player is the Home Run King, Felix Wang, 16 home runs over the season and not just long and high but strategic. Felix can slice the ball right between two fielders. Justin and Yoshi were also strong hitters coming in second with 11 home runs each. Our top female hitter was Krista with six home runs.

There was an upset in the exciting semi-final between the Expos, in second place with 11 wins, and the Royals in third place with six wins. This put the Royals up against the Athletics, the first-place team with 12 wins and 24 points, in the final, and the As, won the championship game 14-6.

As with all sports, certain individuals stand out for ability, energy, commitment and contribution to everyone's enjoyment of the game. Our two MVP winners have all of these: they were positive, punctual and polite and always potent players. Our female MVP, Krista Blackned, brought skill and determination to every game, never lost her composure and was a positive role model for her team. She hit six home runs and was fast in the field. Our male MVP, Yoshi Taguchi, is probably the most talented player in the league, but he is also modest, never averse to carrying the gear, and always brought his best game. Watching him, if he hadn't made the catch himself, coming in from a hundred yards away, scooping up the ball on the run and throwing to first to kill the play is magic. Watching him on the line, with lightning reflexes and his ability to seemingly suck the ball right into his glove, throw to Hirohito and make a double play is magic.

So was softball 2008. See you next year.

First of all I'd like to thank my family and everyone at home. I couldn't have done it without you. Secondly, my friends. You all know who you are and aren't. The teachers who helped me through: Ms. May, Ms. Hessian for getting me in to college (I guess we fooled them), Ms. Gittens, and my favorite Coaches, Rioux, Laperle, and Spirk. As for my Stanstead College experience, there's been so much drama it almost seems like I've been living in a soap opera for the last two years. I will miss a few of the characters, but

I'm happy the show is finally over. I'll look back on all the good times we had and smile. I'll look back on all the mistakes and trouble and regrets and learn from them. Finally, to the Stanstead College class of 2008, I hope you all live long, happy, and successfull lives. Until we meet again, best of luck to you. One.

I would first like to thank all my teachers and coaches. Thank you, Mr. Bellas, for helping with my university application. I probably wouldn't have gotten my first choice without your help. Mr. Chandler, thank you for this great soccer season and all your support. It's crazy. I have three years of memories that I have to wrap up in 500 words. When I came here I thought three years was very long. Last year I felt it was never going to end. Three years in a lifetime is really quite short. But here at Stanstead College it feels much longer. It felt like I was gonna be here forever, and then suddenly only 2 weeks left and everything is over, high school is done. All my friends will be gone, no more hanging out, no more stupid jokes, no more sign-in, and more freedom. Memories from Stanstead College will always stick in my mind. I met so many people I'll never forget: Kei, Mickael, Ludwig. Ludwig, by the way, you were for sure the most random guy at school, the bird was my favourite. I'm going to miss times I had in Bugbee, with you Collin, playing Fifa 2008 in the lounge (C'est le but!!!), Jesse, how do you know if you're a good kisser? I guess you'll have to ask someone else, lol. Julian, ex-roommates, I'm really gonna miss you, good times as Mr. P would say. Cedric, eh le gros, c'était le fun hein? Thanks for buying me tennis shoes. P-O, it would have been much better if you could have been in Bugbee from the beginning. Oh Ceci, don't forget, good boy. Javier, I had to say something about you, man. Just make sure that no one breaks your wrist again, except me. My biggest hope is to see some of those guys again in my life. See you all.

Finally it is my turn to graduate. I can't believe time has passed by so fast. This is my last year at Stanstead. I would like to thank all my teachers and especially Mrs. Richter who helped me with my university applications, Mr. Van Dyke for being a funny advisor and a great Physics teacher. Thanks to Fei, Mihwa, Rose, Eva, Ruven (My sister) and the Taiwanese who brought so much fun in Stanstead, especially Fei Fe, I will miss your food lol. I would also like to thank my mother who gave me the chance to come here and supported me. To the graduating class of 08, good luck and have fun wherever you go. For those who are returning, have fun next year.

I can't believe the year is already over! This has been nothing short of amazing; Stanstead has done things for me that nothing else could have. I've made friends&memories that will last forever. Huge thank you to Mom; you supported me all along. Merci Papa. Mr. Simard; you made this possible&thanks for believing in me. Big Daddy Dyke; thanks for two sensational&unbelievable seasons&for everything in betweenYOU KNOW! Spirky; I'll miss our fat nights, I'll learn to speak a language some day&good luck next jyear! Perrotta; I'll always make fun of you just because. Garrett; ehheh wha? Logan; white shoes&white belt! To the graduates; you've made this year what it was for me. Be happy, take advantage of whatever life throws at you and all the best in the future. We'll meet again down the road!

Ruveneko Ferdinand-Peterkin

Since it was my first year here I thought it would be hard to make friends. But it turned out that I became apart of a trio. The trio included Charlotte, the tall glass of refreshing Coke; Val, the irresistible set of medium sized fries and me, the delicious but small hamburger. And in the morning we would reunite with the tasty hash brown, Tania. But I would like to thank those who helped me and who made this year bearable. So I will finish with a quote from Maya Angelous "I Know Why the Caged Bird Sings" that summarizes my experience here. "But a bird that stalks down his narrow cage can seldom see through his bars of rage his wings are clipped and his feet are tied so he opens his throat to sing." Good riddance...

Brandon Fortin

I have no idea how I did it, but I managed to get through six years of SC so I think I deserve a congratulations. Also my parents for putting up with all the BS I got into. Dale, my favourite teddy bear, Johnlin, for just being damn sexy, and Will for skipping English classes with me. Faris of course, my favourite middle easterner, have fun next year wherever you go, just not too much. Gab, stay clean and don't hurt yourself skateboarding. The Europeans; Paul, Ludi, Orlando, have fun on your eurotrip this summer, Thanks for keeping me company in class, they would have been boring without you. Coon, you were late for softball! Jack, more good times then bad wouldn't you say? Last but definitely not least, John Coburn. I know I ruined you this year, but don't pretend we didn't have fun doing it :O Looking forward to a long summer of watching movies :)

Alex Gagnon-Skoropad

First and foremost, I would like to thank my parents who gave me this unique opportunity to spend two years at Stanstead College. I learned a lot from my experience and I will always remember the little moments and friendships made here. Special thanks to all the staff members, Coach Rioux and Coach LaPerle for their devotion to the hockey program and all the hours they put into it. What will stay in my memory forever: Two wonderful hockey seasons, being a prefect, being on Headmasters List, learning English, facing adversity, playing football and, moreover, all my close friends. Being captain of the hockey team was an honour for me. The word that represents the Spartans for me is: PRIDE. I am proud to be part of the small community of Stanstead College. This is a second family for me and will always have a place of importance in my heart. Thank you to all my friends for the good times that we had together. A lot happened in two years, but what a nice challenge that was for me. I hope to stay in touch with all of you and see you in the near future. Time is up now and I've got to move on and live new experiences. IM OUT!!!!!!!

First of all I would like to thank everyone that made it possible for me to come here, especially my parents. Merci papa, merci maman!!! This year was definitely a great year, and I can't believe its already over and that next year university is waiting for me. I've made really good friends in my two years here and I will miss you all, guys. To the hockey team, great season, guys, it was so much fun to be with you. Thanks to all those who convinced me to play rugby definitely something I should have done last year and 15 in a row guys!!! Perrotta, meant to be roommates!!! Andrea, Queens next year, its gonna be sick!! Nick, I'll come see you here next year lol. Jesse, did you take my PS2??? Charles, le pompier svp!!! Logan, I'll make you this imitation of Aragorn and his snaggle tooth!!! Cheezo, stop crying about it!! Spirk, wait up my shoe is ringing, I'll text you later. Maria, I will never forget this year with you, you will always have a special place in my heart and you will always be welcome. Thank you so much for everything you did for me, I love you!!! To everyone good luck for next year and in the future. "Don't bother just to be better than your contemporaries or predecessors. Try to be better than yourself." -William Faulkner

Jun Hoi "Terry" Kim

Finally it's over. I can't believe that my time at Stanstead College is finished. Well, I'll miss every single student in Grade 12 and especially the fellas who have been with me for four years (only in Grade 12) Yoshi, Kei, Miwha, Rita, Andrew, Brandon, and Ou Yang Fei. And also I would like to say goodbye to the Koreans at Stanstead: Jae, Andy, Tim, Eun, Ashley, Cynthia, In Won and Chelsea. My life changed a lot in this little small college that has less than two hundred students. Stanstead College gave me lots of new experiences, such as giving chocolate to someone for Valentines Day, giving perfume to someone as a birthday present and liking someone for four years. Well, I'm going to Indiana University in Bloomington, but my memories of Stanstead College will remain forever. Finally, Kei and Yoshi, my Japanese friends, I'll miss you guys so much, seriously. Miwha, whoever said something about your nationality, you are a true Korean. Rita, I'll miss you even though I didn't really talk to you. Andrew, sometimes you are so mean to me, but I know you were just joking. Brandon, thank you for the science fair. I was so happy that you were my partner. Ou yang Fei, thank you and I will never forget about you. And finally to the Koreans, I'm glad to meet you guys, and I'll miss you forever, I love you all. Special thanks to my parents for allowing me to attend school abroad. I will never forget this.

Mihwa Kim

I'd like to start by thanking my parents and my brother for giving me this great opportunity to be on my own but with lots of support. I don't know how to describe my 4 years at Stanstead College. I'm never going to forget the time I spent here and the great friends that I made. Rita and Freda, I'll never forget about you guys! Good luck in University! Yuka and Hiro, one more year to go! Have fun (lol) and keep in touch. Kei, finally we are graduating! I've grown so much (I think) since I came here; I look at everything in different ways. I think more, I speak more, I try more and I like me more. Now I know the meaning of being myself. No one knows your future and no one tells you how. It's all up to you. Keep your head up and keep your feet on the ground. Only you know what is important in your life. Congratulations to the class 2008. Now it's time to have our new start.

Ives-Hugo L. Lanoie

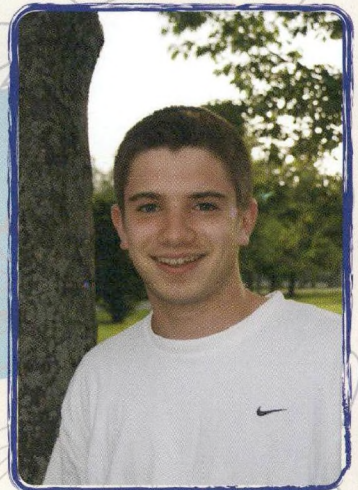

First of all, I want to say a big thank you to all the students that made this year incredible. Without you guys, this year would not be the same. Anyways, during my time at Stanstead College I learned so much about myself. I will always remember the nights with Gabriel Bélanger. We were talking all the time about everything and nothing. Also, the most important thing that I learned at Stanstead College is a definition of life: WORK HARD! PLAY HARD! With that in mind, it is almost impossible to fail in life. All the grads, I hope you will enjoy University.

Thank you,
Ives-Hugo L. Lanoie (Hugo)

Nickolas Lapointe

First of all I would like to thank my parents and family for everything that they have given me in the last 2 years and giving me the chance to come to Stanstead. I would like to thank Mr. Rioux and Mr. Laperle for giving me the chance to play hockey. We had an amazing hockey season and I will never forget the great memories that we had. Pittsburgh, Buffalo (HSBC Arena), CAN-AM, Quebec city and all the other great places we went to. Can't forget about soccer and our perfect 11-0 season. Perrotta, Jesse, Ryan, Drew, Charles, Smith, Frank, Olivier and Logan my best friends at Stanstead. Julian (you're a crazy athlete and u had 2 amazing years at Stanstead), Jesse (can't wait for next year and the future weekends spent at your house), Ryan (Congrats on being drafted..don't forget about me.), Drew (sick times this year at your house and it's only beginning) Charles (did somebody order a fireman??) Smitty (don't forget about your friends..lol), Frank (nice tooth), Olivier (chow mein parties next year) and Logan (thanks for the great times as my roommate). It's been an amazing year and I wish everybody the best of luck in the future... Congrats the Class of 08... We did it!!

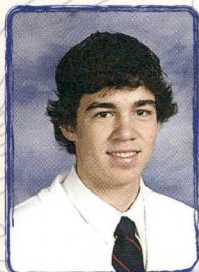

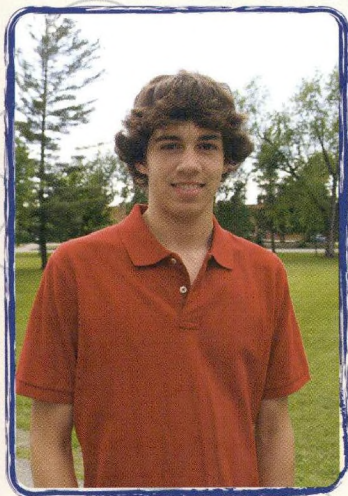

Victoria MacIsaac

I would like to thank everyone for helping me make it this far in life and for making the journey a rewarding and fulfilling one. You all know who you are. My final words here are not my own but ones that I would like everyone to remember and take with them for the years to come:

"Rather than love, than money, than faith, than fame, than fairness... give me truth."
- Christopher McCandless

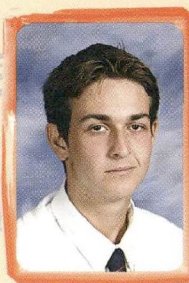

Cedric Moore

Just like last year, this year went by so fast. Many good memories will stay with me as I leave Stanstead. This year was different than last year, I wasn't living in the same house and I got to meet some kids from Bugbee with whom I had good times. The football season was one of my highlights of the year; it was really fun to play with all of you. Hockey season was once again really great. We had a really strong team and had a lot of fun in the 21 passenger! Then it was the rugby season! Wow, what a nice season, we had so much success in this season! 16 victories and 2 losses! Two 7s tournament champions, ETIAC season champs and playoff champs!! This team was probably the team with whom I had the most fun at Stanstead, with WHITE team it was really fun during practices. Julian and Paul, I can't believe that its already been two years since we met and its now my last moment with you. It was so much fun to be with you and thanks for being there when I needed it. Everybody else too, it was a life experience to be with you and if I had to do it again I would not hesitate to do it all the same. I hope I will see you all again one day.

Mickael Orlando

Ouf, another year at Stanstead College has gone by and its finally time for university. Its hard to summarize the whole year into 200 words but I will try. The most important aspect of Stanstead College is the friends that you make here. We had some sick times chilling in ze sun ze day and having some fun evenings doing a lot of stuff that I will not mention in this write up. I will never forget all the friends that I made here. I was planning on putting all the names but I am scared of forgetting someone. And also lets not forget the Colby Operation, hein ludy? I hope that one day we can all come back here and go check our names in the clock tower. I feel a little bit nostalgic writing this. It would also be hard not to mention the awesome sport seasons that I had. We won the ETIAC in swimming for a third year in a row. Apart from Stanstead, we had sick break in Montréal meeting up with everybody and fun night in the Travelodge. Third and last year at Stanstead College over. (Yesss)

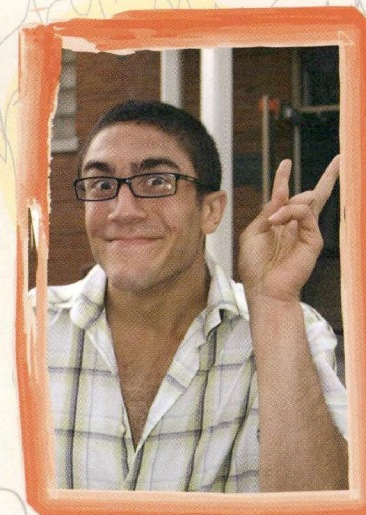

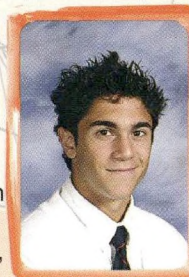

Yang Fei "Freda" Ou

It's finally my turn to graduate! I cant believe that I have spent so much time in this school that I can hardly recall every single memory in detail Its such a special experience that I will not forget. I have enjoyed living with people around the world and I must thank all those friends and teachers who gave me support throughout these past years. I will never forget all the times I have spent with you guys and I will miss you all for sure. Best wishes for all students and teachers in Stanstead. And for those people who are graduating with me this year, we are free!! I hope we will meet again someday in the future!!!

Julian Perrotta

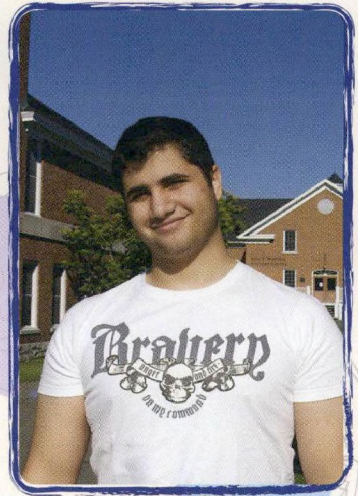

To my parents, I love you and thank you for this. Thanks to all who have stayed by my side in the good times and the bad, those are the moments which define us. To the soccer team, I've never played a perfect season, so thanks to all of you for that. To the hockey team, again boys! Guys never give up on your dreams. Best moment: HSBC Arena!!! To the rugby team, thanks for the good times boys, CAIS was sick. To my boys: Frank, Ryan, Nick, Drew, Jesse, Charles, P-O, you guys are the best of friends, thanks for the good and stupid times! Roller blading- Frank! I can't feel everything buddy-Charles, Sergeant- Nick, This is so sick! - Drew, Roidsyyyy! - Ryan. Can't forget my girls: Andrea, I love you girl and don't ever change, Maria annoying but elegant, but I still love you! Just chilling with all of you was the best times of the year, Tuck-Shop, Jay Peak, Boston, hotels, the basketball court anywhere was a good place to hang out. I would not want to change anything from this year; I kinda want it to go a little longer. So I will hopefully see you all in the future and if not, do what you want to do, say the truth and be happy. Peace.

I am so grateful that I came to Stanstead College this year. During this time I have learned many values about this country and I have met new people from all over the world and made new friends. I would like to thank my family and my teachers for helping me this year.

Frank Riddle

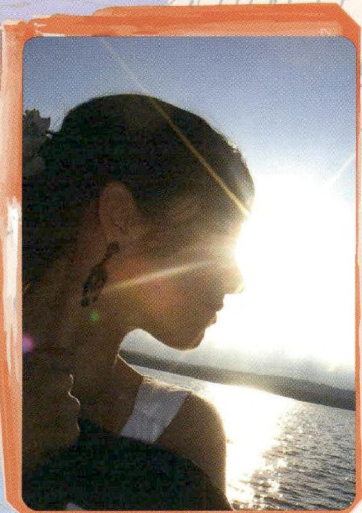

First of all I would like to thank my family for making it possible for me to attend Stanstead these past two years! To the soccer team, boys we were perfect this season, and the first in Stanstead's history! Olivier, couldn't score Cedar, most painful save I've seen. To the entire hockey team, we did everything together for five months of the year, and had so many good memories. Coach Laperle, we all enjoyed your game time speeches (hey hey hey). Mr. Rioux, you were always staying positive (brutally beating a hockey stick to death). HSBC was sick!! To the golf team, yes I played golf! Had our ups and downs but second is ok. To all my boys: Ryan, ppoorch!! Jesse, pooch, and does this mall close and reopen tonight?, crashing the Saab! Garret, Ggggggg. Julian, wop, you know what. Nick, sergeant. Drew, house parties are so sick bro, hoagies! Logan, potato. Charles, I can't feel everything buddy. Andrew, smithy, you were busy a lot, but when you weren't, sick times! You guys are the best friends anyone could ask for and I'm going to miss you next year! Stay in touch!! And to the girls: Andrea, toe the line all the time! Maripily, monkey you guys are awesome and put up with all us guys the whole year. My two years at Stanstead went by so fast, and have been the memorable years. To the class of 2008, we made the year what we wanted it to be! Good luck to all and I will hopefully see you in the near future!

Ludwig Ritter

Spending one year at Stanstead College changes your character, spending two years at this school changes your life. Graduating from Stanstead College is the best choice a student can make. If I had the chance, I would repeat this year to have all this fun once again. On the other hand I am also very glad to finish high school and get out!! First I want to thank my parents for giving me this great opportunity to make all those new friends and experiences. To all my friends: I will never forget the time we spent together and I hope that neither will you! To my adviser Mr. Kopar: Thanks for everything you did for me, you helped me a lot! To all my teachers: Thank you for leading me through this important year and all the time you spent to get me prepared for the APs. I hope that I will be able to keep in touch with Stanstead College and most importantly with my friends, I will definitely miss you all! Keep in touch!

Maria del Pilar Roel Echevarrieta

I would like to thank first of all my parents. Papas: Gracias por todo, por confiar en mí, por darme esta oportunidad que nunca olvidare, los amo. Mr & Mrs. Wolfe, thank you for everything! Mrs. Ross, you're the best! Milene, thank you for taking care of me & listening when I needed it the most. Ms. Hessian, best advisor, I'm gonna miss you! Mr. Simard, thanks for the polo, now I'll talk to u more often, just kidding! Mr. Chango! I mean Mr. Chandler, I'm gonna miss you so much! Mr. VD, Thanks for everything! I love you all! Spirk, you're fat! Great memories, Mexico next stop, just to see if u can handle it! Great dinner & dances, just be careful with the curtains, and I love your shoe phone! I'm gonna miss you so much! Love you! Keep in touch! Colby Girls, Pulgas, I love you, I'll miss you! G-menay ya que una cosa lleva a la otra, lo del baseball ganaste, felicidades, o no Vian? LQM. Pepino: Je t'aime fort! Je vais tellement m'ennuyer de toi! Tu es le meilleur amoureux. Tu vas toujours être dans mon cœur. Lol ok, too cheesy. A-Dawg! I love you! I'm going to miss you so much! You're the best of the best, keep in touch! Jesse-Frank-Perrota (the kid)-Ryan-Olivier-Logan, guys I'm gonna miss you so much! You're all invited to Mexico when ever you want! TRIO CH! A HUEVO!!

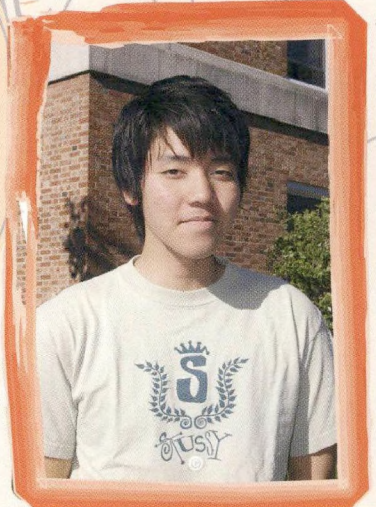

Andrew Smith

6 years!!!! Finally outta here! Firstly, old, cliché, but mom and dad, I really owe it to you guys. As much as it doesn't seem like it at times, I really appreciate this opportunity that you have given me, and on the whole, I think I'm a better person for it. Aight my boys; L.R- GQ, F.R- chickachick fake id fake id, M.O- Smiss, P.B making fun of Smiss, F.Q- Jumbo Shrimp, D.L- watchout for paintballs, R.B- did I hear a banging?, J.H- hunh? (with the head tilted sideways), G.\$- thank god for your truck...fix it moron!, L.V- milk in a bag, J.P- you guys are so funny eh?, W.A.R- get that leg better soon, and to anyone I forgot, my bad. Good times throughout the year boys, won't forget that. Vianey...what is there to say that hasn't already been said... pretty much everything. I could write a book about you, and maybe someday I will :) Don't let miles and kilometers get you down, anything you can dream will come true if you fight hard enough for it. Love can cross all boundaries. *Mojito* I Love You. It's about that time. I got to bounce. Keep it real Stanstead, and like Schwarzenegger, I'll be back. p.s. you know ;)

First I would like to thank my parents for giving me the chance to come to Stanstead College. They are always there to support me. Also I would like to thank all my teachers; they really helped me and supported me all year. A special thanks to my hockey coaches, M. LaPerle and M. Rioux, I really enjoy my time with you! All my friends here, I will always remember you and all the good times we had this year. I learned a lot here, at Stanstead College and it was a family for me. I will leave you with this, my favourite quote.

"The difference between the impossible and the possible lies in a man's determination."

Kei Yuda

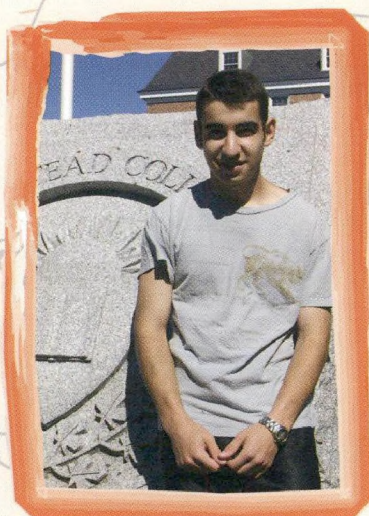

I had such a great experience at Stanstead College. I am happy to be graduating from Stanstead but I'm feeling sad at the same time. It's weird, we all wanted to get out of the school but now, I'm not sure when I think about my experiences over the past few years, it's too much to write about and I don't have enough space here. For me it was a totally new world. I met a lot of people and learned many things which I would never have experienced if I had just stayed in Japan. I could not have imagined myself enjoying being at Stanstead this much when I think back to my first year. I couldn't speak or understand anything in English when I came here. But now, with everyone's help and with all the friends I made, I feel at home at Stanstead College and it will be hard to leave. There are many who I really appreciate and will never forget. I particularly would like to thank my parents for letting me come here and for understanding and supporting me throughout my school years. They have given me a good foundation for life.

I never thought that 4 years could pass by so quickly. I want to thank my mom for her love and support and for always being there for me. I love you mom! To all my friends, thanks for sticking with me through the good and the bad and for putting up with my sense of humor. Coop, those hotel room pillow fights were fun (no homo). Sinnott, you're the chilliest friend and roomie I've ever had. Christina, thanks for all the awesome times and memories. Jeff, man, I don't know how you put up with me. JF... Francis, Belanger, Phoebe (thanks for being there), Jackie Boy, Conlin (nice name), Shrubs, Lapointe, Jesse, W.A.R (you have cool initials), the circle of friends, Coon (taxi!), James (malaka), Alfonso (pizza!), Caden, Coburn, Mrs. Elliott (awesome advisor skills), and to everyone else that I've met here, you guys are all awesome people. I hope that I get to come back next year and chill with all of you again, and to play varsity sports (congrats on your S Ronsse. Ahhh. Facebook.) In case I don't get that chance though, take care, and remember to stay positive. I'll never forget you guys and the things you taught me about myself. You have made Stanstead the best experience of my life. I wish all of you the best for the future.

I can't believe it's over! This year went by so fast... I owe it all to my parents for always supporting me and giving me opportunities like this, and for always being there for me. Thank you, I love you mom and dad! I want to thank all of my friends too, for making this one of the best years of my life: My sister and running partner Rita, my french partner, Armand, Jack (the best roommate I've had); I'm glad you're all coming back next year. Mr. Miyagui vigésimo dan, Huicho, Vian Blue Cheese y G-Menay! Los quiero mucho y los voy a extrañar mucho el proximo año, espero que no se olviden de mí, panas, para salir cuando llegue a Mexico y visitar a G-Menay en su pueblo. I am looking forward to another year at SC; it is going to be great! But I am really sad this year is over; it was a full of fun, great experiences, and lessons learned. I will ALWAYS miss it and reminisce it. I hope you all do great in the future, and for those whose coming back next year I can't wait to see you in September!

To my fake friends and real friends, new friends and old friends, team-mates and class-mates, I admire and respect you all. To my family members, at the school and at home, thank you for putting up with my tedious requests and supporting me. Coaches, my Stanstead experience wouldn't have been complete without you, your advice, and the opportunities you granted me. To those who managed to put up with my quirks and rants, I appreciate it. We all have our share of set-backs, but when you do the selfless act of putting your problems aside to put up with mine and provide me with advice; you couldn't possibly mean more to me. To my favo(u)rite guitarists who are leaving to bigger and better things (hopefully) I wish you good luck, and you both should know that you will always have a place to stay in Montréal, and I hope you take me up on that offer. To anyone that is feeling down or struggling; keep you chin up, headphones loud and music always on and you are unbeatable. Graduates, I wish you the best, and I hope you find your place in this world, whatever and wherever it may be.

Having the opportunity to be part of the community of Stanstead will always be memorable; for this I want to thank my parents, my BROTHER and of course the school itself for giving me this chance. Of course, I have to thank my advisor for all his help. Mr. Van Dyke was always there to help his advisees. Physics class and math class were always a pleasure to attend. It was mutual; he ruled and taught me basketball while I was doing the same for soccer. About soccer, I have to thank you, Mr. Chandler, because I learned so much with you. Finally, I want to thank my best friends (you know who you are). This will be my last year and I'll never forget the awesome time passed with you guys. One on one with Cho in basketball, piece of cake for him But because of him I got much better. Always a soccer challenge between the best Italian soccer player in the world; Massimo. Nick, pour nous, ce n'est pas encore fini, deux belles années de CEGEP à Montréal qui nous attend. Ronsse, t'était mon frère depuis le début de l'année et tu le seras toujours FRERO.

I never thought I'd do my secondary five in an English school. My first thoughts of going to a private English school where I had to wear a uniform weren't too positive. Even if I wasn't a boarder and didn't really hang out at school after class this year turned out to be pretty amazing. I learned to play football, something I never thought of doing. Hockey season was awesome even if we had an intense schedule. I got to visit some colleges and had the chance to play in the HSBC center. Last trip to Quebec was pretty sick. Watch out l'an prochain Oli Kev Chad sera first team au golf ahaha. I would first like to thanks my parents for everything they did to get me here. Even if my car looks like a spaceship I love it! I would like to thank everyone that made this year possible both in sports and academically. I had an amazing year with all my friends. Hope to see you again!

First of all I want to thank my parents for supporting me and encouraging me. I have made so many unforgettable memories at Stanstead. I want to thank JJ for listening to me, making me laugh. I will never forget our Friday night missions. I'm going to miss hearing you talk about your FBF and our gossiping in class! I'll never forget our shopping trips for food and that famous night with Hiro and Min Kyu at the park. I could think of so many other funny things this year but even 1600 words wouldn't be enough to write down all the crazy things that happened to us! I'm not going to forget you, Phoebe! Love ya and I'm going to miss ya lots! You make me laugh all the time especially when you, Jaymie and I went shopping and you drinking all my Smoothie! This summer we're going to party! Tay Tay, thanks for all the times you made me laugh. So I can't forget you, Emma, we've had so many good times especially that night with the townies :). See you in Mtl this summer! For those I didn't mention, thanks for making this an unforgettable year! I'm going to miss you all next year. Good luck to all the grads in your future and don't forget to go take chances, have fun and party!

Stanstead has been the best year of my life by far. Besides discovering I could do stuff I'd never tried before, like painting or practicing sports, I met people with whom I shared a lot and I won't be able to forget, thanks to everyone for making this year an experience. Thanks to all the teachers for their support; you are the best. I hope to have the opportunity to spend some more time here but if not: Roel & Dumas ohooo! I'm going to miss u guys, u both know u have a home in Puebla anytime, remember Trio CH. Natives & Christine u are the funniest thing ever, I love u guys and thanks for making the life in Webster actually fun, I'll miss u. Shay-Shay woo! Best roommate ever, I love you. Cedar: you're still and always will be sneaky. Thanks to Mr. Spirk for all those Mexican fat dinners and the funny times, good luck next year. Mexicanos(as) los adoro, mil gracias por todo, si algun dia van al pueblo me los llevo no duden en hablarme. Diegui que dios milanesa te bendiga; Fonsi no olvides los abrazos g-meneicos, los adoro a los 2. Vian, grx por todas las memorias, siempre seras mi matrimonio mexicano, te amo. Mama y Papa, gracias por darme esta oportunidad que aproveche al maximo, espero que esten orgullosos de mi por todo lo que logre aqui, grx por haber confiado en mi siempre, los amo.

First, I would like to say a huge thanks to my parents who made this unforgettable year possible. Sam, je reviens enfin à la maison!!! Also a big thanks to all the staff members that helped me live this amazing experience. Mr. Chandler you're the best soccer coach I have seen and I promise that next year I'll put the ball in! Good job guys on a perfect season. Mr. Rioux and Mr. Laperle, thank you for everything. It was a sick season guys and I had so much fun with you. Caden crazy long night chats roomy Alex et JP, pognes vous pas trop l'année prochaine lol! KID Perrotta, you are my hero. Ryan good luck in Montreal buddy! Jesse you're the sickest and coolest guy ever;) Logy té mon petit cr** * préféré. Chad, on sera toujours le vieux couple!! Chéezou « hey mon gars ». Nick and Sinnott, CHOW MEIN PARTY TONIGHT!!! Kev souvenirs débiles de CUBA (en tk jessaye de m'en souvenir;) Andrea tu seras toujours mon être spéciale;) Charles té le plus sexy des pompiers. PO té un vrai Québécois du SSQ, meilleure des chances à Queens. Franky « cest bon slashing est*!!! » Maria, nicest girl ever, thanks for everything and I'll try to come in Mexico. Ismail jte voit au cinquième étage de Colby!!! I can't believe it but it's already over Good luck to everybody in the future!!!

HelloHerro? lol I would like to start with daddy and mommy, you guys made everything possible, I love you. Brother, wish you were here. Stay real, miss you tons. Hey advisor, I guess you're alright. Just so you know, there was a reason why Paul only made fun of you. Don't worry, I will send your regards if he cares. OOHHHHH WHAT NOW? Ms Harding & Mrs May, Colby is just amazing, so are you. Dear little Colby girls, gonna miss your cuteness. Graduates, good luck with everything. Dear friends, thanks for putting up with my (I think they are hilarious) jokes and my crappy moods. I know I am hard to keep up but couldn't have done it without you guys. I love you all with my whole heart <3

Its been too long. Lots of ups and downs but many things to recall for. I would write more but I gotta ice my ankawl, eat some rice noodawls and its over like YOU KNOW! <3

Three years at Stanstead College has been a great experience. Thank you, Mom, for making the greatest decision to send me here. I owe you more than I could ever pay you back. But I'll try my best. I would also like to thank God for blessing me and my family so much. Grade 11 has been a great memorable year. Soccer season was challenging and fun. Best soccer coach and teammates I've ever had. Sinnot, Cedar, Lapointe its been a fun ride lol. I will never forget this basketball season. Drew, Ronsse, Yoshi, my bro Brian. We the champs! Coach. Simard, thanks for having confidence in my game and allowing me to improve over the years. Thanks to all those who came out to support us during the season. Necola, thanks for the memories. Vianey, my favourite Mexican. Eun and Ashley, thank you for the birthday presents. Mel, Christine, Krista, I'll always remember all those good times. Malcom and Fabrice, thanks for keeping the bench nice and warm. You two are the future of Stanstead basketball. Keep working hard. Massimo the chilliest kid I know. Yann, remember all the late nights. Anand, I will miss your voice. Max O, I'll be in your room right after study. Ngwa, nice pants. My Korean bro, In Won Lee A.K.A. PANBOOLEE. Ismail, Sinnott.. See u in MTL. PEACE

John Coburn

It's been three years since I first stepped foot in Stanstead. It was a long time ago. There have been a lot of ups and a lot of downs but I have got through it. I have made a lot of friends that I will remember for the rest of my life. I have grown a lot over these past years and I still have much more to grow. This year has probably been the best for me. I probably have the most random French roommate in Davis Nick Belanger. I will miss him a lot next year. I hope next year is as good as this year was, maybe even better. Till the next time kids.....

Its been a long five years now for me here at Stanstead College. A lot of fun times, but a lot of could've-been-way-better-if-I-was-at-home times also. I want to thank my parents for being very supportive, and I also want to thank them for sending me here. If it wasn't for their support, I wouldn't be in the position I am right now heading to Marianopolis College on the way to becoming whatever I want to be. I am truly grateful for that and I owe it to my parents and to Stanstead College. I met a lot of new people here and made a lot of new friends in five years. I am very thankful for their friendships because life wouldn't be the same without them. Thank you for all the memories, Café Cap, jamming, free music from iTunes, and everything else I didn't mention. I'm sorry, my mind is blank right now and I can't really think of what else to write. So I end it off here.

Jeffrey Cowen

First of all, I would like to thank my parents for giving me the opportunity to come here to Stanstead. I would like to thank everyone who has made my time here as enjoyable as it has been, you know who you are. To everyone who is leaving, it was great knowing you and remember to keep in touch, to everyone who is returning, I'm looking forward to another year of great memories and good times before we all move up and out to college. To everyone, have a great summer and to quote Desmond from Lost, "See you in another life, brother."

Collin De La Bruere

What an amazing year, so many memories and so little space. First, Soccer season, 11-0, and the CAIS Rugby trip, what a performance boys! Memories of my Peru trip with the girls and my trip to Ghana with Mr Kopar. I'll never forget road trips with the fab five-JoLiRiNeCo, and of course, House-sitting ;) .There are so many special people to thank for helping me through these three years. Starting with my parents who are always behind me on whatever path I set out on. To my brothers Mitch and Spence for all the times we've shared and your support. To my sensei, Mr Spirk. Thanks for never letting me get too confident. Thanks to all of my friends especially; you know who you are. To the best roommate ever, thanks for helping me with math, Jesse! Finally, special thanks go out to my angel. Rita. You made this a magical year for me. Thank you for letting me be a loon whenever I wanted. To everyone else at Stanstead, thank you for helping me to become the citizen that I am. Its amazing all the experiences you have here at Stanstead. I really love this school. Its been three years already, hard to believe. To all those leaving us, I wish you the best of luck; and for the rest of you, see you next year! -Collin

Olivia Demerchant

Well. This year was a new page in the book of my young life, a page that I enjoyed sharing with everyone. This year I played soccer, first time ever. It was pretty great, other then the fact that I smashed my head against another girls. Van Dyke was an amazing coach. I played hockey, first year not playing on a boys team. With hockey I got the pleasure to see places that I had never before, such as New York and Boston. We had a great team of girls and awesome coaching. Mr. Ross' dry-land was much appreciated. As for Mr. Spirk, I will miss him so much. He was one of the most skilled coaches I have ever had. Now rugby, well it was fantastic. Coached by my advisor, best advisor in the world; Ms. Hessian. I really take pleasure in playing rugby. I played my usual position of eight, always fun. Stanstead was a different thing for me I had never been away from home for more then two weeks. It was hard at first, then I made many new friends and am now unsure if I want to leave. I just want to thank everyone at the College for being here and bringing a piece to the puzzle. I hope to see you all next year, and for those who are graduating or not returning, hope you have a good life and hope to meet you somewhere along the road. Laura Goodyear, we will miss you!

Garrett Donnelly

I can't believe I'm already a senior. We had some sick times with soccer. Laughing at doc while he was trying to sleep. Collin, laughing at Ryan laughing at doc. St. Andrews was sick even though we got our asses kicked by every team. I'll always remember Smiths face when the waitress said his sweater looked good but not on him. I don't think i'll ever forget the moments we had during hockey season. Scouting for the Iceburgs(Ced) with Logan and Will. Will you're fun sh*t to hang with, and Logan I don't think anyone makes me laugh as much as you. Bus rides to Pitt. and Buffalo, and watching Logan and Kevin talk to the security guard. Seeing Cheezo laugh his head off at Aragorn at Pizza hut. Sinnot and the icy hot. You idiot!!! Curly and your famous smile. John and your sarcastic comments. Perotta always ruining speeches. Nick always making such a big deal out of everything. Jesse, you're a genius. See you this summer. Frank, better luck next time with Alex. JK. I'll see you over the summer too. Bedard, you are the funniest kid I've ever met. Good luck in Montreal. Thanks mom and dad for everything. I'm out.

Daaaanngg. I never thought I would actually make it through this year, but here I am, writing this grad write up. Merci, Maman et Papa pour cette belle année. Thank you to my sister, who helped me out, even from very far away. I love you Gabo. I will never forget this year: all the friends I have made and all the things I've tried. To the swim team and rugby team, thank you guys for an awesome, exciting season. VG you are the greatest roommate ever, and I will miss you a lot next year. Thank you NG who is the greatest friend I could ask for. And JR, thank you for being my best friend, always and forever. I will never forget this year. I started this year scared and apprehensive, and I'm leaving this year very happy and fulfilled. Thank you, thank you, thank you. I can't wait until next year!

Vianey Galindo Cano

So its over! I can't believe how fast the year passed, so I want to thank everyone for making this year one of the best experiences ever. Thanks for the chances, the opportunities but most of all thanks for everything that I learned here at Stanstead. Mama y Papa: Gracias por darme la mejor experiencia de mi vida. Mrs. Gittens, Mrs. Smith and Mr. Chandler thank you very much for everything! Mexicanos: tantos recuerdos, tantas memorias, me llevo a cada uno de ustedes en mi corazón, fue lo mejor conocerlos y pasar tantos momentos con ustedes, malos, buenos, chistosos y hasta cuando ya nos queríamos matar, viajes, aeropuertos, hoteles hubo de todo! Pero al final fueron momentos increíbles. Castro: Oie Oie? Creamos mas que memorias juntas y las que nos faltan! Te amo. Chloe: I'm gonna miss you, the laugh attacks and the talks at night. I love you. Mel, Krista, Oseiii: I will never forget those Webster moments with Caricachupas, Pulpo and of course our all-night talks about everything! Summer 09. I love you girls! And finally Andrew, thanks for making this the most special and unforgettable year of my life, for the memories, the moments, everything. I Love You and I'll be seeing you. Again thanks a lot to each one of you that made my year in Stanstead a year full of different and new moments that I will never forget! My best wishes in life and I hope we'll meet again sometime! This is not the end, it is not even the beginning of the end, but it is perhaps, the start of a new beginning.

Cedar Georgevich

I can't believe I have been here three years already! This year was amazing! Starting with soccer, which was definitely a great experience, not just because of all my playing time, but because of all you guys. Thank you Franklin for showing me the ways of being goalkeeper and please say hi to you know who when you get back home. I'm also still waiting for that tuna sandwich! Then there was basketball season. What a great season! Can't wait for next year! I'll try to work on my free throws a bit. Remember the wise words of the Doc, Cedar, I want you to just throw it up against the back board, catch it, and go right in for the lay up. Then tennis came around, way too short, but a lot of fun. Ismail we were awesome together! I'm going to miss you next year man. Alex, Paul, Michael, Jesse, Kei, I'll never forget you guys. U huh u huh! Good luck to all of you guys in the future! I almost forgot, Jimena, you will always be the sneakiest girl I've ever known! Miiiii! Christine, I will leave you with a few words, a bu bu a bu a bu bu. Keep that in mind over the summer. Thank you everyone for making this such a memorable year and have an awesome summer! See you next year!

Shaylyn Goodleaf

Ista tanon Rakeni, eso tsi konnoronkwa, all I ever need. Christine, my life was boring until I met you. Gram, you mean more than you'll ever know to me. Jimena, no matter how far you go in life, don't let anyone bring you down. I'll never ever forget you. Ms Hessian thanks for always believing in me. I started off rough but a big thank you to those who put up with my good & bad days. Stanstead gave me opportunities of a lifetime- thank you. We all take different paths in life, but no matter where we go, we take a little of each other everywhere. There comes a time when you must stand alone. You must feel confident enough within yourself to follow your own dreams. You must be willing to make sacrifices. You must be capable of changing and rearranging your priorities so that your final goal can be achieved. Sometimes, familiarity and comfort need to be challenged. There are times when you must take a few extra chances and create your own realities. Be strong enough to at least try to make your life better. Be confident enough that you won't settle for a compromise just to get by. Appreciate yourself by allowing yourself the opportunities to grow, develop, and find your true sense of purpose in this life. Don't stand in someone else's shadow when it's your sunlight that should lead the way.

Laura Goodyear

I would like to thank my parents, my brothers and sister, Ms. Harding, Ms. Gittens ChKristina, Apple for the ipod and itunes, Black Sabbath for heavy metal, Arizona, the Craigs, breakdowns, mosh pits, circle pits, and walls of death, Mitch Lucker, Candice Kucsulain, Corey Taylor, Oliver Sykes, the Butcher aka Ed, and Daniel Williams, the Tattoo Lounge, VIP passes, and the following bands Emmure, Slipknot, System Of A Down, Blessthefall, The Word Alive, Suicide Silence, Eternal Lord, Linkin Park, The Devil Wears Prada, Protest The Hero, SKSK, AFI, Evergreen Terrace, As I Lay Dying, Bring Me The Horizon, August Burns Red, I Killed The Prom Queen, Alesana, Drop Dead Gorgeous, FFTL, Kill Hannah, Killswitch, Walls of Jericho, Dr. Acula, and so many others, all the venues I have ever seen a live show, and all the bands that I have met. Finally I am happy to be leaving, five years was way too long. To all those kids that are going to be here for a few more years, my only piece of advice is, you will survive it (maybe) just tough it out.

As the saying goes, Time flies when you're having fun, its just too bad that three years at Stanstead have already passed in the blink of an eye. But as quick as it has been, I can say with all honesty that coming here has been the best decision Ive ever made. All of my friends here have become like family; we've experienced the ups and downs and everything in between, and likewise, have created an endless number of memories along the way. From playing basketball, to Colby house dance parties, to chilling in the Tuck Shop, the laughs that we've all shared and the bonds we've formed are unforgettable. As time passes and we grow older, our lives and everything that surround us will constantly be changing, but no matter what directions our lives take us, these memories will be an everlasting reminder of all the good times we've had here. I can't possibly begin to single out individual people to thank for making my time here so amazing, you all know who you are and I'm so lucky to have been given the opportunity to become so close with so many of you. Good luck to all those who are leaving, and remember, time flies so take advantage of what life throws at you, and for everybody else, I cant wait to see you next year!!

Jesse Halikas

Mom and Dad I love you so much, thank you for always being there for me no matter what. My brother Kody, you little . This year flew by at Stanstead, my home away from home. Hockey season was sick (Larry and the bus rides), thanks Coaches Rioux and LaPerle Timmy Hs. I had the best coach/advisor Mr. Chandler, see you in assembly...maybe! Mr. Wolf, Mr. Van-Dyke, do I have to cut my hair? Spirk (The Wizard/Rocket), had fun at your place. Mes Amis: Lippi(sick parties dawg), Cedar(OoHh0o), Perotta(WOPPIE), Charette, Logie...Icebergs, Sinnott(Mouse), Nick(smurf), Where's Smith?, Polo, JF(Jerry Se-bass), Frank, Donnelly(G\$\$), Ryan, Collin, Maripily, Ling(- -), PO, Andrea, and the guys from NC. To all of my friends; never forget the good times we had. Frank, lots of memories, thanks man I'll never forget especially when you crashed my car! Andrea, you are so cool, thanks for everything. Garrett, next year CHILL What? Spare! Collin my business partner/boss, I couldn't have done it without you. Need help with math? Oh you need the room, No I need it! To my Bro Ryan, you always had my back and Ill never forget that, we had so much fun and always fought about nothing. Bros for life. Everyone else, good luck.

Five years ago, I came here not knowing what to expect and wishing I stayed home. Now I can say that here is home and that all of you are family. First of all: Merci maman et papa pour tous vos sacrifices, je sais que je devrais vous appeler plus souvent! Thanks to my advisor who was there when needed. Coach Van Dyke and Hessian: thank you for being so dedicated, you made me want to go further every day. Bball girls: Dream season with the Dream Team, enough said! The Peru crew: I <3 u both but next time no pictures on the plane, understood? Nash, my science buddy, why did we do this to ourselves? Val, Charlotte et Ruven: Merci pour ces beaux moments au déjeuner, bonne chance l'année prochaine! Laura: this is it, you are leaving, but don't worry you can't get rid of me that easily! Thanks to everyone who helped me become me, you know who you are! Congrats to all graduates, good luck in all of your future plans. For everyone coming back: Five down, one to go.

Hey! I can't believe it ended! I wanna thank my parents for giving me this chance, and also for supporting me. There were some sad times and also fun ones but all good memories. Thanks to all my teachers, especially to my advisor Mrs. Gittens. Estuvo pocamadre raza, todo de pelos: desde el hotdog hasta mi primo Irvin, a los brothers se les va a extrañar y saben que se les quiere. Suerte a toda la banda. GH3 changed my life. Goodbye Kurt, have fun and take care bro. I had a lot of fun at the play, thanks to the staff, crew and General Brassilhov and Potchatkin. RUGBY! By far the best sport ever, undefeated! 08 CHAMPIONS, Thank you Mr. Spirk, also thank you all guys, I had a lot of fun. 08 grad, sick party!!! Stanstead has been one of the best experiences I've had in my life and I want to say that I have learned a lot of things here and I know I can use that through my life. I also want to say that I spent the best year of my life in this place and I will never forget anything or anybody. I hope I can come back one day and remember all these good times. Unfortunately the year is over but thank you all again and I hope to see you again. Remember to try as hard as you can, think positively and have fun.

First of all, I would like to thank my parents for giving me the opportunity to study in Stanstead. Nevertheless, I couldn't believe this year has ended in just a blink of the eye. Over the year, I would like to say thanks to all the teachers, especially Miss Gittens, Mr. Eliot and Mr. Planetta for experiencing different laughter and humor from every single class. Yoshi, I will never forget the time where we had our MHP party every weekend. My Taiwanese friends, I am very glad to have met you guys and I really enjoyed the time that I spent with you guys, especially my friends of two years, Nelson, Hank and Charlie =] Henry. I can't believe I have known you as friends for over 6 years since we met in elementary school till now. However, I really appreciate getting introduced to this school by you and bringing me to be a part of this fabulous community. Well, 2008, I could tell that this year was the fastest year that I ever experienced yet this maybe the best year I ever experienced. To the end, good luck to everyone, hope I'll see you guys somehow in the future. XD

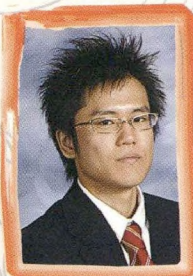

Jean-François Lefort

First off I would like to thank my family for providing me with the opportunity to attend Stanstead these past two years. All of you have been the driving force behind my success. It is thanks to all of you that I am able to attend such a great school. Kristina, thanks for all the memories. To my roommate, Ryan, good times bro, a lot of laughs. It sure will be different rooming alone next year, I love you! Olivier, I'll never forget the nights spent hanging out with Ryan and Charles, and I'll never forget Je comprend absolument rien! Charles, looking forward to seeing you back next year. Perrotta, was fun being on five championship teams together. Logan, I'll never forget the nickname you gave me (Jerry) and what other names came of it. Lapointe, good times yelling at grade 10s and making them run. Jesse, good times stealing your car! Mike and Jeff, good times joyriding. Christina, thanks for all your help; it has meant a lot! This year has been one of the best so far. I'm looking forward to returning for my third and final year.

Andrew Lippi

Grade 11 mmmm pretty nice dude! First I would like to thank my parents; you guys are, well, GNARLY. Second, Yooo God always there for me, keep it real bro. Third, Mr. Simard and Mr. Wolfe, you guys have looked after me so much and next years sports seasons will be even better because I'm only getting stronger and more muscular. Fourth, music, it gets me through my work. "One good thing about music, when it hits- you feel no pain"- Bobby Marley. Pretty solid sports seasons. Basketball: ETIAC champions first time in 18 years, Ronsse you're my brother, really man. Cho, thanks for the sick basketball times (and for giving me so many assists), see you in the NBA. Rugby Season: Team white unstoppable Ryan, Lippi, Perrotta, Charles, and Cedric. Another Championship won. Undeclared season. The Boyz in the Hood: Frank (toothless wonder), Perrotta (my Italian Stallion bro), Jesse (we set up the sickest parties), Ryan (put it on me), Charles (I don't feel everything buddy), Nick (my best friend), Smith (2pac got shot five times and we got shot 500 times and were still alive), G-Money (you talk too much). You guys are so radical and I hope we will all chill one day up in thugz mansion. Jesse, G-Money, NICK, Charles, Hoolie, Marce, Ryan next year is going to be straight fire. My Grade 12 bros that are leaving, distance wont keep us from throwing insane parties. First, I want to say thank you to my family for getting me here. This was my third year at Stanstead College. It has passed so quickly and I met many kinds of people. This year was a great year for me. I had lots of experiences and I made so many memories. I will not forget about this year and I am fortunate to have made such good friends. I want to say thank you for everything to those who supported me, especially the Japanese guys. Yuka: I don't understand you but I think you are almost always smiling. Mihwa: You have regard for others but I won't forget what you did on February break lol. Yoshi: Thank you for these three years; I want to say something but I cannot possibly put my gratitude into words. And last, Kei: We only started talking this year; I'm regret we didn't talk more earlier. Also I won't forget your punch....owww. Finally, GOOD LUCK for ALL GRADS !!!!!

Kurt Martin

Man, I cant believe this year is over already it seems like only a month ago I was playing football (51) and yet, that was back in September. Thank you Mom and Dad for always being there for me and never giving up on me. To all my friends drew, perrotta, ronsse, diego and alfonso (roomy and my neighbour) and everyone else thanks for a great year and good luck next year no matter where you are, you guys are the best. Mr. Spirk thanks a lot for everything and keeping me on track I hope Concordia works out for you. Well that's it, it's over have a sick summer everyone and take it easy.

Peace
Kurt

Graduation, what does the word mean? Moving on, growing up, getting old, leaving a bit of ourselves behind but gaining everything in return. Pain, love, laughs, complaints, giggles, fights; what more could we ask for? I want to say thank you, for everyone and everything. Everything I know about myself I only saw because of all the ones I love. I want to say thank you for my mother, my never ending wall of strength and love. All of my friends, holding me when I cry, putting up with my laughs and sharing your presence with me. All my loving Colby girls, thanks for always being there and giving me those smiles I needed. I am glad that I have another year; more time that I am sure will flee even faster than these past three years. For all of our 2008 graduates I hope that each and every one of you find the happiness that you deserve. For everyone I am going to see next year, I hope that we have just as much laughter, love and joy. May we forever know ourselves through each other.

This year has gone by so fast, its had a lot of ups and downs and we definitely can't say it's been boring, but in the end I think it's been a good year and Ill never forget the people who were with me throughout it. First of all to Mike who, even if things didn't turn out the way we thought they would, I have some of my best memories of Stanstead with. To Lindsay, thanks for always making me smile no matter what. To Kristina who always kept up with my nonsense and was usually a step ahead. To Rita, the best book buddy ever, and Necola who took fun to a ridiculous level. To Tania, who never got angry when I practically moved into (and took over) her room, and to Laura who was one of the only people I could deal talking to in the morning. A very special thanks to the next two. Helen, who I became surprisingly close friends with very quickly (I'm pretty sure Sailor Moon had something to do with it) and who could literally put up with my ranting for hours. And of course to JF (the marshmallow himself) who no matter what was going on always had the time to be there for me and help when I had a problem or just needed to talk. You guys are the best! I can't wait to see you all next year and Laura Ill miss you bunches! Have a great summer everyone!

"Do not look back and grieve over the past, for it is gone; and do not be troubled about the future, for it yet to come. Live in the present, and make it so beautiful that it will be worth remembering." Four years at Stanstead have gone by faster than ever. I've made great friendships, not so great friendships, & I've met some people that I just can't stand. To the friends that I do love thanks for all the crazy uncontrollable laughs, those are the moments that'll stay with me forever & ever. My natives: Mel, Krista, Shaylyn & my crazy Mexicans: Jimena & Vianey I love you girls. Summer 09 is ours.

Jaymie Page

Four years at SC go by fast and now I only have one more to go. First of all, I would like to thank my parents for giving me the opportunity of a lifetime (and forcing me to take it). Without them, I wouldn't have been able to come as far as I have. Second, thanks to all my teachers who've taught me and who've pushed me to become a better student. Third, Ms. Campbell thanks for always being there and for the crazy moments that we shared. Ill never forget those. Now for my crazy friends. GG: I'm never gonna forget our spy missions, 10 minute laughs, slipping on ice, the shopping trip where our bags broke, or English & Economics class. Then there's Logoshi, Chaddy-boy, & Kirk plus all our other weird nicknames. The Ottawa trip & the plan that didn't work and spending 3 hours looking for pizza because you were hungry. Our Thursday activity: WBAS & TPWCP and remember HISHTA! Good luck next year and always remember BFFL!! Tay-Tay, thanks for all the random noises and sounds you make in the dayroom. I'm never gonna forget Bow Chika Wow Wow And Poppers, wow so many random memories but none of them will be forgotten. Note to self, I miss you terribly. This is what we call a tragedy. For most of you, Ill see you next year. For those I don't, good luck and have fun!

Julien Ronsse

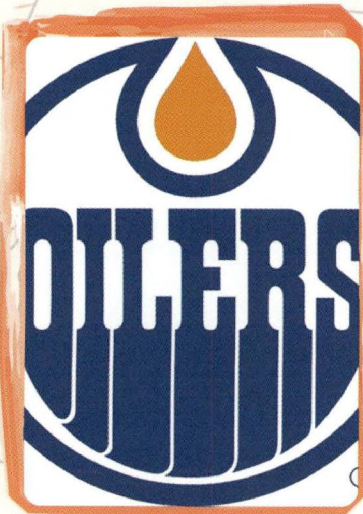

First off I'd like to thank my mom and dad for what they have given me. My brother back in Ottawa who is always there to support me, Thanks BRO! First off the year has been sick, and even better ever since I got here in 03. all my boys MS, AC, YP, JC, MO, IB, NB, AA, PB, MO, LR, SW, and all others don't think I've forgotten about you!, Chloe you're the best, I've had an awesome year with you, and I'm thankful for what you do for me. Sports have been a good year. 2 championships. Thanks to coach Spirk, I had an awesome time with the team this year. All the times the guys came to my room to make me mad, OOOOOOOH! Haha. LV the dirty horse smell in French class. History with James! All those endless talks and movies. Bio with Mr. Planetta, um hey DUDE.. Mr Elliot you should seriously join the circus! All the fun and games around campus. Oh and I almost forgot my boy back home PASCAL! DO WORK BRO! The little stupid things I've done that have made me a better person. My adviso, the short one! This year has ended in a positive way, see all you guys next year and have fun! LATER

First of all I would like to thank my parents for giving me a chance and believing in me, I love you guys more than anything. This year at Stanstead was a memorable one. I started off the soccer season with the toughest coach around, Mr. Chandler, and what do you know, we went undefeated! Great job boys MICHAEL, CHO, ISMAIL- we got the potential. Hockey season was the best, although it was tough at the beginning for me. I realized how a team can come together. Thank you all for helping me improve my game, especially Mr. Rioux for having faith in me towards the end. Props to CHO for making me better at basketball, when you make the NBA send me some free tickets. Also big thanks to my roommate for being there for me. M.A, A.C, N.L, L.C, O.C, J.H, F.R, JR, D.C, I.B - you guys are awesome; I wish the best to you for future. My experience at Stanstead has been nothing short of amazing. My only disappointment comes in realizing how quickly it has passed. As sad as this thought is, I have no regrets. Thank you to anyone who has made a difference in my life here at Stanstead; you know who you are. Through all the ups and downs that life threw at us, we made it. Through all the laughter, tears, sorrow, inside jokes, fights, friendships, tests, challenges, games, wins, losses, championships, road trips, late nights, early rises, working, trying, relaxing, hoping, smiling, loving and living and through moments that were gone far too quickly, every experience I have had here at Stanstead has helped me grow as a person. Everyone here has played a part in my experience, and for that I thank you, whether I had the opportunity to have you as a coach, teacher, roommate, best friend, teammate or even if we didn't really know each other, you helped make my time at Stanstead amazing. Thanks for the memories that I know will last me a lifetime, and for the best friends I could have ever possibly asked for. To all those that are moving on, good luck with whatever it is you do, to all the rest, may next year be as full of life as these that have just come to pass.

Five years at Stanstead have gone by too quickly to tell. To me, it hasn't been the moments here that made me smile that I remember most, but rather the people I spent them with. I'd like to thank my parents for sacrificing so much to make this possible, Mimi for her constant support, Elliott, it was a tough year but we made it through, Mr. Rioux, the best advisor I could ask for, Mr. Van Dyke for always questioning me, Ms. Gittens for her excellent softball calls, Spirk for blemizing, Christina for all the random seriousness, Kristina for all the serious randomness, Lindsay, Olivia and Grandma (my personal stylist) for making hockey season sane, Jeff for the snide comments, Nicola for her crazy antics, the Colby girls for making me more huggable, Rita for her appreciation of Michael Bublé, Laura for softball and Mexican food, Ling for "get eight hundred on math SAT" and never actually kicking me out, Tania for the gossip, Collin (Lang Chiu!!) and JF for never minding being surrounded by girls. To all those I didn't name, thank you for the late night movies, intellectual (or not) conversations, the winning goals, the losing bus rides, trips for ice cream, break at the caf and five great years of my life. This is Twiggy, Foozles, Helen Melon, Wiggles, Twiggles, Hel, HW!!!, Bambi, HAWLANNNNN!!! and Helen, saying goodbye until next year.

So, the year of 2007-2008 at Stanstead is over, and for me, my fifth year is over. The years have gone by so fast! I would first like to thank my family for giving me the opportunity to come here and to continue to come here next year. To all of my friends, thanks for the wonderful memories. I would particularly like to thank Laura, who is graduating this year, for all of the awesome times, from when we were little grade 7s with you teaching us how to walk like "models", "minty shorts!" all the way to this year and the awesome concerts! I'll miss you, but don't worry, I'll come and visit! To all of my friends who are coming back next year, hopefully we'll have another terrific year and have more memorable moments. To all of the graduates this year and everybody leaving Stanstead, I wish all of you the best of luck with your future life and don't forget to stay happy and have fun!

I can be the wall when you fall down
Find me on the rocks when you break down
I heard it in the song when you call out
But I got to say now it's got to change

What is life?

It is the flash of a firefly in the night.

It is the breath of a buffalo in the wintertime.

It is the little shadow which runs across the grass and loses itself in the sunset.

Crowfoot,

Blackfoot warrior and orator, 1890
